Juvenile Admits Committing One Burglary

Bay St. Louis police have apprehended a 15-year-old male in connection with burglaries in two St. Charles St. residences several weeks ago.

One of the theft victims recognized her stolen record player which a young woman had in her possession on the beach. The woman called city police who apprehended the girl on suspicion of theft. Further investigation by the police led to the arrest of the boy, who admitted to being involved in one of the burglaries. City police are continuing their investigation of the incidents.

Pt. Emmett Ellis and Asst. Chief Douglas Williams made the arrest.

Seven Arrested In Local Truck Stop Raid

Two women were arrested Monday night and charged with attempting to solicit for prostitution in a raid on the Big Rig Truck Stop on Highway 90 conducted by the Hancock County Sheriff's office and the Waveland Police Department.

The two women were identified by Sheriff Fred Curet as Tom LeCompt, 49, and Amelia Foster, 18. The truck stop was listed as their places of residence and bonds were set for both at \$500.

The raid, which occurred at about 9 p.m., also resulted in the arrest of Carolyn Davis, 23; Sarah Ray, 27; Omar Demas, 21; and Danny Wilcox, 22. All were charged with public drunkenness and carrying a concealed weapon. Also arrested was Jimmy Johnson, 25, manager of the truck stop, who was charged with assault and battery. Bond was set for Johnson at \$1,000.

T. P. Naylor, Mississippi Highway Patrol investigator stated that a quantity of amphetamines and \$900 in cash were seized in the raid. Naylor said the drugs were found in a suitcase in a bunk house behind the truck stop.

South Bay Voters

In Tuesday's general election, voters in the South Bay precinct must vote in Virginia Hall next to Christ Episcopal Church instead of Christ Episcopal School. Voters must enter the church grounds from South Beach Blvd. for the safety of the school children.

Wallace Depreo Killed In Vietnam

Wallace J. Depreo, 19, died leave in Bay St. Louis and October 17, of injuries received in a helicopter crash while serving with the military in Vietnam. He returned here June 22, 1971.

Born January 2, 1952, in Bay St. Louis, he was the son of Ray J. Depreo of this city and Mrs. Elise Depreo Cleveland of Bay St. Louis and Anderson, S.C. Depreo who joined the Army May 27, 1969, took his basic training at Fort Polk, La.; he was transferred to Fort Rucker, Alabama, where he took advanced individual training (AIT) and was graduated the number one in his class, Republic of Viet Nam troops in receiving a distinguished Graduate Diploma and a special Four rating. He was transferred to Hunter Air Base, Ga., and from there to Fort Stewart, Ga., where he was stationed until May 22, 1970, when he left for Viet Nam. Depreo returned from Viet Nam May 22, 1971, and spent 30 days

WALLACE DEPREO

Survivors, in addition to his parents, are a sister, Mrs. Eiling Hansen of Bay St. Louis; his grandmother, Mrs. Lillie Duncan of Anderson, S.C.; his stepmother, Mrs. Joyce

ECHO NEWS editor Marileen Maher caught this shot of The Great Pumpkin late last night as he was making his way through the woods of Pearl River County heading toward Hancock County to prepare for the Halloween festivities. Using

only a candle to light his way, G.P. said that he would be in this area by early Sunday afternoon. He refused to comment further on his plans for the event.

Get Out Your Broom - Halloween Is Nigh

By Marileen Maher
Echo News Editor

This Sunday night is the time for witches, goblins, "trick-or-treat" and the long-awaited coming of The Great Pumpkin. It's the time for apple dunking, shrieking, skeletons and large bags filled with goodies.

If you don't know it yet, this Sunday night is Halloween. Halloween was first established in the 7th century A.D. as a Christian observance. However, many of its customs and superstitions are thousands of years old. Most Halloween superstitions about ghosts and evil spirits developed from the ancient Druid festival of Samhain (summer's end) celebrated in the British Isles. During the festival the spirits of the dead were supposed to return to the homes of their kinsmen. Great fires were lighted to guide them and to ward off the evil spirits roaming the countryside.

The "Jack-o'-lantern," according to an Irish legend, was derived when a man named Jack was condemned to walk the earth carrying a lantern. Judgment Day. Our custom of "trick-or-treating" also comes from Ireland, where the poor begged for money to buy things for a feast.

Although today, a real or plastic pumpkin is used in the place of a Jack-o'-lantern and the "money" received is usually candy, gum or popcorn balls, the thrill of Halloween night remains the same.

Come Sunday night, most adults will wish they were kids again and will fondly remember

Franchise Election Set Tuesday In Waveland

Waveland voters will have to cast their ballots in two elections this Tuesday—the general election and the special election called to seek approval of an adopted city ordinance which grants a new electric franchise to Mississippi Power Company.

The 25-year, non-exclusive franchise was adopted by the Waveland Mayor and Board of Aldermen on October 5 but must be approved by the people.

The proposed franchise is an agreement with the municipality under which Mississippi Power Company conducts its operations within the corporate limits and which provides for the use of streets and alleys for the company's equipment and facilities.

Terms of the new franchise, which would, if approved, supersede the franchise now in effect between each

municipality and the power company, are virtually the same as in the present one. However, each community will receive a 50 percent increase in its franchise payment from Mississippi Power Company. Mississippi Power Company now pays to each municipality two percent of the revenues the company receives from all retail electric power sales from within the municipality. Under the new franchise, this payment would be increased to three percent of the company's revenues from these sales.

Chamber Works On Fire Prevention

By Adoree Shortle
Echo Staff Writer
Mr. Ray Busby, Fire Marshal for the state of Mississippi, and Mr. Norman Cowart, deputy Fire Marshal for Southern Miss., were guests at a meeting of the Hancock County Fireman's Association Thursday at the Hancock Chamber of Commerce offices.

The meeting, which was also attended by city and county officials, was called by the Chamber Fire Prevention Committee to formulate plans for a massive county-wide cleanup campaign, to begin Nov. 13. The committee hopes to reduce through the campaign the incident of grass and brush fires, which pose a serious threat to lives and property, particularly in the fall of the year.

Committee Chairman George Cleary turned the meeting over to Fireman's Assn. chairman

Edward Frloux who introduced the state fire officials. Busby expressed commendation for the fire prevention group and the work being done to make the public aware of the need for constant fire prevention. In pledging his support to the group and its work, Busby said, "Fire prevention is a necessary tool to make the public more conscious of methods of preventing fires before they start."

Assistance in the kick-off campaign was promised by representatives of the board of supervisors as well as those officials of Bay St. Louis and Waveland attending. A total of 13 bush hogs was also offered by the cities, county and individuals for use on Nov. 13 and 73 members of local volunteer fire fighting organization agreed to work on that day.

Boy Scouts will participate by picking up and piling trash cleared by members of Kiln, East Hancock and Pearl River volunteer fire departments. Bay St. Louis and Waveland units will work in their respective cities.

The next meeting will be held November 8, at 8 p.m., at the Chamber of Commerce to finalize plans for the campaign. Cleary has issued a plea to all civic minded citizens to join the fire prevention workers Nov. 13 by cleaning their own properties and any adjoining vacant lots.

In order to vote on the franchise election, Waveland voters must cast their ballots in the City Hall on Coleman Ave. However, ballot boxes for the general election will be in the Waveland Elementary School.

When asked whether the new franchise would affect rates, local Mississippi Power Company manager, Perry Gibson said, "No." A franchise does not affect the rates. Under the Public Utilities Act of 1965, rates and service are subject to the exclusive regulation of the Public Service Commission and not by the city.

Asking Waveland voters to approve the franchise, Gibson concluded, "A company, made up of people. The people of Mississippi Power Company are concerned with one primary objective—to provide reliable, economical and courteous service to the customers they are privileged to serve. Our employees can do a better job when they know that their efforts are recognized by, and they have a vote of confidence from their fellow citizens."

The franchise election will be held November 16 in Bay St. Louis.

United Fund Deadline Extended

United Fund drive deadline for pledges and contributions will be extended beyond October 31, United Fund secretary Mrs. May Beyer said today.

The decision to extend the deadline was reached as she said, as returns are coming in slowly. To date only \$8,478 has been collected on the \$24,000 goal for Hancock County—slightly more than a third of the amount needed.

The goal total is set by the commitment and responsibility of United Fund to the agencies it supports within the county, some of which depend completely upon United Fund for their existence.

"United Fund belongs to the people of the county," Mrs. Beyer stated, "and these agencies are included because of the great need for each in the community."

She added that NO contribution is too small or less gratefully received than large ones. As an example, there are pledges for payroll deductions in the amount of 25 cents a week or payday.

"One hundred people giving \$1 a month for the year brings in \$1,200," she pointed out, "and that's a lot of money!"

Besides a payroll deduction plan, citizens can contribute to United Fund through a pledge system. One can literally pledge now and pay later. Individuals can specify when and how they want to send pledge payments, and Mrs. Beyer will send a statement at the specified time, with a payment envelope enclosed.

Pledge requests and information can be directed to Hancock County United Fund, P. O. Box 142, Bay St. Louis, Miss. 39520.

Echoes Students Named To Honor Roll At Senior High

Weekend guests of Mr. and Mrs. Louis Jacobi, Jr., at their Waveland home were their son and daughter-in-law Mr. and Mrs. Louis S. Jacobi and son Lil Louie of New Orleans, and their son Aloysius Jacobi, a student at the University of Southern Mississippi, Hattiesburg.

Mrs. Ella Cuevas and sister Mrs. Azoline Thian left Sunday for Las Vegas, Nevada, where they were called by the death of Mrs. Cuevas' seven-year-old grandson, Juan Rene Cuevas, son of Mr. and Mrs. Rene Cuevas.

Juan died at 6:45 p.m. Saturday, September 26, from an accidental gunshot wound suffered while on a hunting trip with his father and a friend, according to a report received by relatives here.

Funeral services were held at 10 a.m. Tuesday in Las Vegas.

With UNICEF's help, the death rate from malaria among children has been lowered from 3.5 million in the 1950's to less than one million last year.

Over 400 million persons suffer from trachoma. For 5 cents the United Nations Children's Fund can provide antibiotic ointment to save one of them from blindness.

About 15 million people suffer from tuberculosis. For 25 cents UNICEF can provide the BCG vaccine to protect 25 children from that disease.

Robert Magee, principal of Bay Senior High has announced that the following students have been named to the honor roll for the first six weeks:

12th Grade: Leverna Benigno, Sharon Breazeale, Suzanne Favre, Peggy Fewell, Leslie Fillingame, Amy Hartnett, Carmel Ladner, Danny Minchew, Pam Sciana, Donna Smith, Pam Thomas, Mimi Vaughan.

11th Grade: Kathryn Acosta, Mike Garcia, Robin Lizana, Cathy Starita, Deborah Stewart, Myra Stieffel, E.J. Toomey, Agnes Wilkerson.

The water used by 90 percent of the population in the developing world is either unsafe or inadequate, or both. UNICEF projects help provide abundant, unpolluted water supplies.

10th Grade: Kristin Frankiewicz, Vickie Horton, Sherrie Ladner, Ruth Largay, Dale Lolcano, Ronald Magee, Billy McLain, Emily Mollere, Penny Schilling, Ann Thornburg, Dottie Viguerie, Lisa White, Stephen Winnard.

POLICE REPORTS

Bay St. Louis police received and answered 49 calls in the period of Oct. 19 - 27.

A woman was injured Thursday when the car she was driving collided with a pickup truck on the Bay bridge, about 11 p.m. Police chief Robert Goodsell assisted highway patrol in investigating the accident, which tied up traffic on the bridge for a short time.

City police and sheriff's deputies answered an early morning false alarm Friday at Merchant's Bank in Bay St. Louis, when a bank official accidentally tripped the alarm system in the bank.

Two juveniles were arrested in connection with the theft Saturday of a mini-bike from a residence on Old Spanish Trail. City police turned the two boys, 10 and 11 years old, over to juvenile authorities for further action.

City police are investigating.

three incidents of unlawful breaking and entering, all reported Sunday evening.

Two juvenile boys, 12 and 14 years old, have been apprehended in connection with vandalism at Gulf Paving Co. Company officials reported broken mirrors, windows and a damaged thermostat in the building which temporarily halted plant operations Monday.

In another incident Sunday night, burglars broke into a residence at 414 Sycamore St. and stole a transistor radio and a portable record player.

Police are investigating a burglary in a residence at Ramoneda and Third Streets. Owners of the house reported several articles stolen, including \$15 in change, light fixtures pulled from the ceiling and money taken from a soft drink machine.

Misleading "Mayday Calls" Can Be Dangerous

An incident in the sheriff's department Saturday night graphically illustrated the apparent lack of prudence in department personnel and a complete absence of organizational supervision.

A radio operator in the sheriff's office sent a general alarm call for help over the radio without specifying the reason. The call brought instant response from law enforcement officers throughout the county, frightening sleeping citizens from Pearlington to Bay St. Louis.

A highway patrolman on duty came at top speed from Pearlington in four minutes, siren and lights blaring; another deputy came from the Anstey area almost as fast; a city policeman, hearing the call on his home monitor leaped out of bed and within minutes met two other patrol cars as they raved up Main St. to the sheriff's office. All Waveland patrolmen on duty sped down Beach Blvd. with lights and sirens on. According to some of the patrolmen on the scene, about 15 officers converged at one time on the sheriff's office, ready for anything, only to find that one of the male prisoners in the county jail was suffering a bad asthma attack and needed immediate medical attention. An ambulance arrived just behind the mass of police, and the errand radio operator drove off in the ambulance with the prisoner, leaving behind a large group of very irate police. The sheriff couldn't be reached for comment.

The incident pointed out two important facts, that citizens of this area should be aware of; one, that however maligned, our local city, county and highway patrolmen are; responsive and on the job; the second, that a sheriff's radio is a vitally important instrument of law and order, and should not be left in the hands of any person who cannot remain cool under pressure.

Bay Firemen Overworked

Why are the two remaining members of the Bay St. Louis fire department still pulling 12-hour shifts on the police radio and fire phone?

Before the expulsion of the fire chief two weeks ago the three men worked eight-hour shifts, seven days a week. There has never been provision for a regular relief man so in case of emergency, such as illness or suspension, there is no one trained or qualified to fill the gap. Three days after the chief's suspension, the Mayor said he had hired someone to serve as relief man on the radio, and indicated that he would begin right away. Two weeks later the mayor still maintains that he has engaged someone for the job, even though the two regular firemen are still pulling 12-hour shifts. Contradictory information from City Hall says that due to a shortage of money in city coffers, there isn't going to be a relief operator.

These are the things that have put Bay St. Louis at the bottom of the heap in the state fire marshal's office.

Local Government In Action

(ED. NOTE: This is the seventh in a series of articles by staff writer Adore Shortle, explaining the various departments in the three local governments - Bay St. Louis, Waveland and Hancock County.)

COMMISSIONER POST NO. 1, BAY ST. LOUIS

The City of Bay St. Louis functions under a commission council form of government, with a mayor and two commissioners comprising the administrative body.

Under city laws, duties relegated to the Commissioner for Post One include being vice-president of the board of commissioners, mayor pro tempore, city clerk, secretary of the board, registrar of voters, natural gas and water works superintendent, and public utilities commissioner.

UTILITY DEPT.

According to Commissioner William Frisbie, the latter is the most important as well as time consuming of his duties. The water and utility system is one of the more vital areas of any municipality and even in a

small town, constitutes a large segment of the city's income as well as providing an artery for survival.

The city utility department handles approximately 2,300 active gas and water accounts, involving 4,600 meters to be read and billed every month, as well as recorded, filed and catalogued. Constant checks and maintenance are required on all water and gas lines and meters as discrepancies in monthly meter reading can indicate dangerous leaks or malfunctions in the system.

INCOME AND DISBURSEMENT

According to Frisbie, projected gross receipts from utilities ending October 31, 1972, will be in the vicinity of \$448,000. The largest single item deducted from that amount will be \$176,000 for the payment of bonds and debt service. Another \$108,000 will go to the United Gas Co. for the annual purchase of natural gas.

Since there are no natural gas pools in southern Mississippi, municipalities have to buy the gas from companies such as United Gas, just as the individual consumer buys it from

the city. Gas used in this area comes from Louisiana pools via large feeder pipe lines, some of which run all the way to the east coast of the United States.

PAYROLL

The annual payroll charged off to the utility department runs to \$36,000, paid to administrative, supervisory, clerical and laboring personnel. One third of the mayor's and commissioners' salaries come from the utility gross income, and half of the city accountant's salary, as well as the 18 employees working strictly in the utility department.

PERSONNEL

Nine of these 18 employees were working in their same capacities under the prior administration and were retained by Frisbie when he assumed duties of commissioner. Mrs. Mabel Green has been in city hall 18 years and as secretary to the commissioner performs a number of duties. She is responsible for all city payroll, insurance records and payments, records and pays all city invoices, and handles the quarterly reports to the state auditors and Internal Revenue Service.

Although Mrs. Lavonne Smith works directly under Frisbie, her salary is charged to the city general payroll as she is deputy clerk and is in charge of voter registration records. She is also responsible for recording minutes of all council meetings and the city minute books. At the present time, six members of the utility department are working for Bay Operation Upturn on a gas and water sewer repair program, under Interim, ceeding ten feet.

Assistant Program funding. They include: Nelson Parnell, field superintendent for all utility operations; Cecil Hendricks, Robert Price, Larry Wilkerson, and Raymond Moton, Jr.

Karl Arnold is another long-term city hall employee and is chief purchasing agent for the utility department, as well as performing other supervisory duties on internal matters. Mrs. Grace Prosser and Cathie Ladner are in the billing and receiving dept. Anthony Benigut is in charge of the 14 lift stations (water works) and the oxidation pond; Alton Sick handles the operation and maintenance of the city's four water wells; Lawrence Cox is the chief meter reader; Milton is primarily in charge of new service and cut offs.

WATER WORKS

The city's water supply comes from natural sources locally, the same amount of pipelines, service and maintenance are required as on the gas system. Water rates are high now. Frisbie stated, to help pay the city's utility bonded indebtedness, which totals about \$3 million.

EQUIPMENT

The utility department has five three-quarter ton pickup trucks, radio equipped; a cleaning machine; a well point churning machine, welding and trenching machines, a back hoe and four pumps. The dept. is equipped to perform all types of necessary repairs except new construction and replacing sewer mains at depths exceeding ten feet.

County Agent

ROTATION FOR WEED CONTROL

There are weeds in crops that are practically impossible to control with herbicides. There may be other crops that can be planted that will allow the use of other herbicides that are more toxic to the problem weeds. Plan now to take advantage of crop rotation as a means of controlling problem weeds. In some cotton fields, weeds and vines have become troublesome. Usually there is not enough labor available to hoe these out of fields. By rotating the cotton fields into corn, Sudan can be used to suppress the nutgrass and materials like 2,4-D and dicamba can be used to bring the vines under control. Some of the problem weeds that plague corn and grain sorghum can be reduced by rotating to cotton or soybeans. Johnsongrass and brachiaria can be more easily controlled in

cotton and beans than in corn fields.

CLASS 1 MILK

Keep your sanitation standards high and produce Class 1 Milk. Here are a few suggestions. As soon as you finish each milking flush out the unit completely with clean water. At least once a day, disassemble each part of the milking machine. After disassembling, thoroughly clean and wash it piece by piece. Use warm water and an approved dairy cleanser. Rinse in clean water. Store the machine disassembled in clean fly-proof place.

Trumpets In The Morning

by Parry D. Noel, Pastor
First Baptist Church, Bay St. Louis.

The relationship of the believer to Christ is compared in the Bible with the relationship that exists between a husband and wife. When a man and woman marry they have the same name, the same bank account, the same possessions. That which belongs to one is common to both. Legally, they are one. Emotionally, physically, mentally, spiritually in the ideal state of wedded union, they are one. Paul's prayer is that he would enter into this same kind of union with Christ.

Have you ever known a couple, perhaps your parents or grandparents who have been married for forty, fifty, even sixty years, who talked alike, acted alike, thought alike and even looked alike. They have been together for so long that the desires and actions of the two individuals have been melted into perfect unity. Ask one what the other likes, thinks or believes and he will know. Were you to ask me if my wife likes hats, I wouldn't have to ask her, I already know; I know her that well. Through constant fellowship and daily communion with God, we can know how God thinks, what He desires, and what He wills because we know Him.

A boy marries his sweetheart. They consecrate the marriage vows, but he immediately leaves for Africa and she for Japan. Every day for fifty years they write each other their every waking thought and action. What will happen? They will know everything there is possible to know about each other, but they will not know each other.

To know someone, you must spend time with that person. You can go to every college and seminary on earth. You can

take every course offered. You can memorize the Bible. You can master theology in every language known to man. You can know all that the finite mind will ever know about God; but you will never know God until you learn to spend time in prayer with Him. There is no exception. Power with God, power to know the will of God, power in positive prayer that brings definite results, comes only through much time daily in prayer with God.

But if most of us were honest, I feel that we would have to admit that we have never learned to pray for very long at a time. I know that the Bible says we are not heard for our much speaking; and isn't that a good excuse not to pray? Wouldn't most of us be embarrassed if we were called on to pray for ten minutes by the clock? Wouldn't we just run out of things to say? Don't most of us pray "Dear Lord, thank You for Your blessings. Bless the missionaries. Forgive me of my sins," and that exhausts our supply of prayer material? Take heart, you can learn to spend time in prayer with God. STRAIGHT AHEAD!

About 60 million persons in the world are threatened by yaws, a crippling disease. For 24 years, the United Nations Children's Fund provides the penicillin that can cure a child of yaws.

Every time your pulse beats, three new babies are born into the world. Only one of these is delivered by a trained attendant. UNICEF helps by training and equipping more midwives in the developing countries.

If you know one number, you know them all.

Here's the number: 555-1212. That's long distance directory assistance; and it gets you any phone number in any phone book in the country. Here's how: Just dial "1," then the area code (if different from your own), then 555-1212. That connects you with the Directory Assistance Operator for the city you're calling. Just tell her whose number you want. Then write it down (so you'll have it next time), and dial it direct. Just dial "1," the area code (if different from your own), and the number. Next time you need an out-of-town telephone number, remember, 555-1212. It's one little number that's worth a thousand phone books.

South Central Bell

Our readers write

(In the October 21 issue of The Sea Coast Echo, a letter to the editor appeared from Mr. C.C. McLelland which was written to the Mayor and Aldermen of Waveland with a copy sent to the Echo. Below is the answer to Mr. McLelland's letter from Dan Campion, Waveland Mayor and city clerk.)

Mr. C.C. McLelland
128 Cooper Street
Hattiesburg, Miss. 39401
Ref: Your letter of Oct. 11, 1971
Dear Sir:

Yes, Waveland does have an ordinance in the books on property clean-up, and it is NOT merely "riding the books". If you had but taken a few minutes of your time to visit or call the City Hall in Waveland we could have informed you or let you read the Ordinance. We could show you what we are doing and what we have done. It is not the simple solution you recommend, i.e., "one man - one bush-hog" - go on YOUR private property and clean it up. I believe you would see your lawyer, right? The ordinance reads so that it protects the property owner and we believe that is the way you would want it. Maybe you don't recall the problems of a Governmental Agency going on private property after "Camille". We wish we could do it YOUR easy

way. The future development of Waveland will be great in spite of the criticism of its out of town property owners.

Waveland does have FRIDAY after what these wonderful people have gone through, especially the beach front property owners - Remember "BETSY" 1965 - "CAMILLE" 1969, it has not been easy. You seem to forget sitting up there in Hattiesburg with business as usual. We honestly appreciate CONSTRUCTIVE criticism and will take appropriate action to correct such matters. We DO NOT appreciate criticism from uninformed persons.

Yours truly,
Daniel F. Campion,
City Clerk

Editor, Sea Coast Echo

Editor, Sea Coast Echo:
In response to a letter written by C.C. McLelland I too am a taxpayer, property owner, in Waveland, and am beginning to wonder what we get for our taxes.

If the Mayor and Aldermen have no pride for our town, how can they expect others to have it? The weeds have overtaken

the place, who is responsible Board of Supervisors or City Fathers?

I quit bragging about Waveland two years ago. There's really nothing here to be proud of - anything you need you have to go to the Bay to get and those people don't think enough of us to fix the holes on Central Ave., so we can go there. Sewerage has been a promise for so long I am wondering if I'll ever live to see it. Shame on all of you -

Sincerely,
Lottie Markey

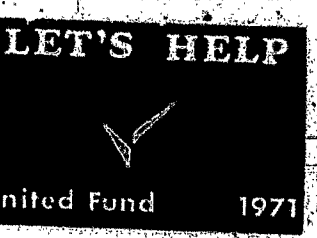

To the Mayor and Commissioners
Town of Waveland
Waveland, Mississippi
Having been a home owner in your town for a short period of time and having been born without an intuitive ability to instinctively know your rules and regulations, I, along with numbers of others would like to clarify some issues.

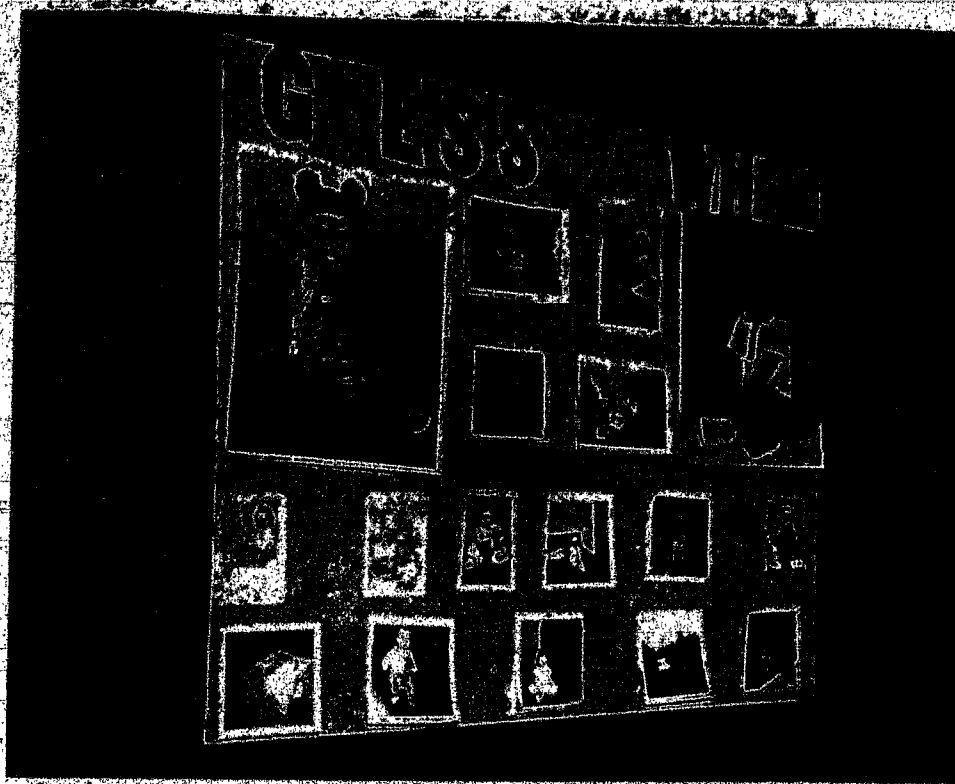

As I see it, Waveland owes its very existence to one fact; namely, its being a quiet and beautiful residential area. An attractive place for retired people. Many of these, more

fortunate than we, having plenty of money and many with abilities far beyond the average. This, plus summer residences for New Orleans vicinity people, could make your town a wonderful place to live.

Why has our water department gotten so all fired trigger happy turning off water meters without being sure the customers know they are delinquent? Far too many have received no notice, and come home to find their water off! That is very poor public relations; in fact it will ruin a town, even though notices were mailed. Cutting off a residents water should be a last resort. In my case I received no notice - maybe the mails were at fault, but some other effort should be made to see why the bill was not paid. Don't try to soothe the problem off on the postoffice department - it's your problem, and one you can and must solve.

Again, problems that are brought before, or to the city should be expedited, or a reason for not taking action given. I asked at the city hall as to what procedure for getting a culvert installed at my place. I was told to secure a culvert and the city would install it. This was done and two or three

CAN YOU guess who? Eighth graders at St. Clare's willingly displayed baby pictures as part of last Tuesday's open house.

St. Clare's Holds School Open House

More than 100 persons, parents and friends of St. Clare's School were guests of the students and faculty at Open House Tuesday, October 19th. The annual event pre-empted the October Home-School meeting.

Students in every class prepared classroom displays especially for the event which, traditionally, provides parents with an opportunity to meet teachers and to view material the students have covered during the early weeks of the school year.

An outstanding attraction was a Museum of Fact or Fiction, with "artifacts" gathered by fourth graders under the guidance of Mrs. Eunice Casanova. Unusual items included a sample of petrified blood, Martha Washington's corn-shuck doll and a branch from King Solomon's family tree.

Mr. and Mrs. Fred Kuhn of New Orleans were weekend guests of Mr. and Mrs. Charles O. Carver.

Richard Strong of Birmingham, Ala., has returned home after a week's visit with his parents Mr. and Mrs. E.C. Strong.

Mrs. Charles Strong had as a guest last week her son Roy of Lafayette, La.

Mrs. Henry Chapman returned Thursday from Louisville, Ky., where she visited for several weeks with her brother and sister-in-law Mr. and Mrs. Landry Gelpi.

Eighth graders reminisced with a "Remember When" display of photos from their earliest days at St. Clare's. The class of '72 is St. Clare's first grade class.

Kindergartners and first graders also participated with displays of their art, arithmetic and writing handwork.

News Briefs

PRESIDENT RE-ELECTED

Mrs. Pauline Necaise was re-elected president of St. John's Altar Society, Lakeshire, at a meeting held Sunday following the 8 a.m. mass.

Others named to officer were Mrs. H.C. Baxter, vice president; Mrs. Ramond Matulich, secretary; and Mrs. A.M. Thomas, treasurer.

Other special emphasis for the observance will be a week of Prayer from Nov. 28th-Dec. 5th. The theme being used for this concerted prayer time is "Living the Spirit of Christ in Expendancy and Creativity."

AUXILIARY MEETING

The American Legion Auxiliary, Unit 77, Waveland, will hold a regular monthly meeting at 7:30 p.m., Tuesday in Travis Hall. All members are urged to attend.

About 60 per cent of all preschool age children suffer from malnutrition. UNICEF assists nutrition programs in Asia, Africa, Latin America and the Middle East.

Church Will Emphasize Missions

Rev. Wiley Heath, pastor of the First Baptist Church, Waveland, announces plans for a month of emphasis for foreign missions. Beginning this month will be a study of the book "New Drums over Africa" by Milton E. Cunningham, Jr., who is the radio and television representative for Africa for the Foreign Mission Board of the Southern Baptist Convention. This book will be taught by Rev. Charles A. Tope on the 4th and 5th of November at 7:30 p.m.

Rev. Tope served as missionary in Africa for the Foreign Mission Board of the Southern Baptist Convention from 1967 to 1970, when he began his work as Pastor of First Baptist Church, Biloxi. Rev. Tope is a graduate of the Ouachita University in Arkansas. He received his Bachelor of Divinity from Southwestern Baptist Theological Seminary of Fort Worth, Texas. He has served as pastor in Arkansas and Texas. While in Africa he and Mrs. Tope served in Kenya, Tanzania and Uganda.

Other special emphasis for the observance will be a week of Prayer from Nov. 28th-Dec. 5th. The theme being used for this concerted prayer time is "Living the Spirit of Christ in Expendancy and Creativity."

Marion soloed at the tender age of 15 years old in 1949, couldn't wait for the legal age of 16. Marion received his commercial license and instructor ratings at the age of 18, and was the youngest instructor in the Navy in the World War II training program. Marion with his brothers formed the Cole Brothers Air Show in 1947 after flying one year with the Flying Tigers Air Show. Marion was famous for his stunts and noise aerobatics in his 450 H.P. Stearman. Marion won the National Aerobatic Contest in 1962 flying the 450 Stearman. In 1965 and 1966 Marion flew test pilot for the late Jim Robertson in his STOL conversions and Jack Frye developing the Bush planes for the Frye Corporation. In 1967 Marion won the E.A.A. National Championship flying a Bucker Jungman. In 1968 Marion was a team member on the world aerobatic team that went to East Germany. In 1969 Marion won the General Claire Chennault Trophy and it was presented to him by Madame Chennault. Marion was elected to the board of directors of the International Aerobatic Club in 1970 after serving for one year appointed. Marion received the Pacemaker Award from Mayor Howard of Monroe, Louisiana, for his outstanding contribution in the aviation field to Monroe, Louisiana. Marion was elected to the

board of directors in January of 1971, to the ARK-LA-TEX Airman's Association. Marion is the president of Chapter No. 2 of the International Aerobatic Club in Shreveport, Louisiana. Marion has over 17,500 logged flying hours and his log books read like a diary of his experiences. Marion has been chief pilot for Southern Equipment and Tractor Company for 12 years, flying an Aero Commander 500B, besides flying 600 hours a year for the company. Marion flies about 25 air shows a year and gives 75 to 100 flight tests. Marion holds Instructor, Instrument Instructor, Single and Multi Engine Land and Sea, Airline Transport Rating, Flight Examiner Land and Sea. Marion formed the famous Red Devils Aerobatic Team flying three identical Super Pitts Specials that have performed at the International Convention of the E.A.A. for the past two years and has been featured in all aviation magazines with Marion making his famous inverted ribbon pickup. Marion has flown everything from Jets to Jennys. Marion was a charter member of the E.A.A., A.O.P.A., American Tiger Club, International Aerobatic Club, American Aviation Historical Society, Kentucky Colonel, Aero Nutz Flying Club and wrote several articles for different flying magazines.

NOTICE TO CREDITORS

CAUSE NO. 1158

Letters of Administration on the Estate of Mrs. Faery Ritter Boyd, deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 22nd day of October, 1971; therefore, notice is hereby given, requiring all persons having claims against said estate to have same probated and registered by the Clerk of said Court within six months from this date, and failure to so probate and register same in six months will bar the claim. This, the 28th day of October, A.D. 1971.

AMBER T. BOYD, JR.
ADMINISTRATOR OF THE ESTATE OF MRS. FAERY RITTER BOYD, DECEASED
10-28, 11-4, 11-11, 11-18-71

INVITATION FOR BIDS

The City of Bay St. Louis will receive Bids for repainting two 250,000 gallon elevated water storage tanks until 10 A.M. on the 15th day of November, 1971, at City Hall, 300 S. Second Street, Bay St. Louis, Mississippi, 39520, at which time and place all bids will be publicly opened and read aloud. Bids are invited for the work as outlined in the Contract Documents.

Contract Documents, including Drawings and Technical Specifications, are on file at the office of Operation Upturn at 300 Third Street, Bay St. Louis, Mississippi, 39520. Copies of the Contract Documents may be obtained by depositing \$10.00 with the Operation Upturn for each set of documents so obtained. Fifty Percent (50 percent) of each such deposit will be refunded if the Drawings and Contract Documents are returned in good condition within 10 days after Bid Opening.

A certified check or bank draft, payable to the order of City of Bay St. Louis negotiable U.S. Government bonds (as per value) or a satisfactory Bid Bond executed by the Bidder and an acceptable surety, in an amount equal to five percent (5 percent) of the total Bid for Site Preparation shall be submitted with each bid.

The bidder will be required to submit evidence that he has complied with the requirements of the licensing law of the State of Mississippi.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Contract Documents must be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin.

The City of Bay St. Louis reserves the right to reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Bay St. Louis for a period not to exceed thirty (30) days from the date of the opening of Bids for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding of the Contract.

NOTICE OF TRUSTEE'S SALE

STATE OF MISSISSIPPI—COUNTY OF HANCOCK

WHEREAS, on the 11th day of November, 1970, Emily Jeter Getman executed a deed of trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Arthur D. Gatti and wife, Jean Gatti, which deed of trust is duly recorded in Book 199, pages 484-485, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and

WHEREAS, default having been made in the payment of said indebtedness and the said Arthur D. Gatti and Jean Gatti, the legal holders of said indebtedness, having requested the undersigned trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW, THEREFORE, I will on the 19th day of November, 1971, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the following described real property located in Hancock County, Mississippi, and more particularly described as follows, to-wit:

Commencing at a point where the line between Lots 5 and 6, Rear of the First Ward, Bay St. Louis, Mississippi, intersects the North line of Blakemore Street, as per the official plat of said First Ward by E.S. Drake, C.E., dated May 1, 1923, and on file in the office of the Chancery Clerk of Hancock County, Mississippi; thence North 20 degrees 00' East 222 feet along the line between the said Lots 5 and 6 to a point; thence North 70 degrees 00' West 15 feet to a point as a place of beginning; thence North 70 degrees 00' West 300 feet, more or less, to the East line of Engman Avenue; thence South 20 degrees 00' West 140 feet along the East line of Engman Avenue; thence South 70 degrees 00' East 300 feet, more or less; thence North 20 degrees 00' East 140 feet to the place of beginning. Said land being located in the Rear of the First Ward, City of Bay St. Louis, Mississippi, and being part of Lot 5.

Together with all and singular, the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

I will convey only such title as is vested in me as trustee.

ADVERTISED, POSTED AND DATED, this 21st day of October, A.D. 1971.

TRUSTEE'S NOTICE OF SALE

WHEREAS, on May 26, 1971, Michael R. Nott and wife, Claude Nott executed a deed of trust to O.B. Taylor, Jr., Trustee for the benefit of Kimbrough Investment Company, which deed of trust is recorded in Deed of Trust Book 154 at page 30 in the office of the Chancery Clerk of Hancock County, State of Mississippi; and

WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, Kimbrough Investment Company having requested the undersigned trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust for the purpose of raising the sums due thereunder, together with attorney's fees, trustee's fees and expense of sale.

NOW, THEREFORE, I, O.B. Taylor, Jr., Trustee in said deed of trust, will on the 22nd day of November, 1971 offer for sale at public outcry, and sell within legal hours, (being between the hours of 11:00 A.M. and 4:00 P.M.), at the front door of the County Court House of the County of Hancock Mississippi, to the highest and best bidder for cash, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

Lot 2, Block 3, SPANISH ACRES ESTATES SUBDIVISION, to the City of Bay St. Louis, County of Hancock, State of Mississippi, according to a map or plat thereof which is on file and of record in the office of the Chancery Clerk of Hancock County, Mississippi, in Plat Book 3, page 31, thereof, reference to which is hereby made in aid of and as a part of this description.

I will convey only such title as is vested in me as trustee.

WITNESS MY SIGNATURE this 12th day of October, 1971.

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of Hancock General Hospital will receive sealed bids to be filed with the Administrator, Hancock General Hospital, at his office on or before 1:00 p.m. November 22, 1971, for the following:

One (1) Flame Photometer, 1L Model 143 or equal, complete with Lithium stock concentrate, 40 Na-5 K standard, 100 Na-100 K standard, aspirator assembly and instruction manual. One (1) Dilutor, Na+ and K+, 1L 144 or equal. One (1) Air compressor, complete 1L79250 or equal.

Your attention is called to House Bill No. 55 of the regular Legislative Session for 1970 which Act Repealed the Mississippi Fair Trade Act. Attention is directed to the fact that House Bill No. 260, passed at the 1950 session of the Legislature requires all bidders doing as much business as \$5,000.00 in one (1) year with subdivision of the State to obtain a License Number on every bid, invoice or claim. Bidders doing less than \$5,000.00 in one (1) year with subdivisions of the State to stamp this on each bid, invoice or claim.

The Board of Trustees reserves the right to reject any and all bids.

NO. 11520

THE STATE OF MISSISSIPPI, TO ADA D. BEALL, whose place of residence, post office and street address are unknown after diligent search and inquiry;

ANY AND ALL other persons having or claiming any right, title or interest in and to the hereinafter described land, to-wit:

Lots 47, 48, 49 and 50, Block 61, Bay St. Louis Land & Improvement Company's Subdivision of part of the Bay St. Louis Land & Improvement Company's First Addition to the City of Bay St. Louis and Waveland, as per the official plat of said Subdivision filed in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, on April 27, 1897, and recorded in Plat Book 1, page 28.

You are summoned to appear before the Chancery Court of the County of Hancock in said State on the 23rd day of NOVEMBER A.D. 1971 at 2:00 P.M. at the Courthouse in Gulfport, Mississippi to defend his suit No. 11520 and to show cause why a decree should not be entered cancelling, setting aside and forever holding for naught the claims of any and all defendants, and forever joining any and all Defendants from claiming or interfering with the possession or ownership of the Complainants herein.

The same being a suit to quiet and confirm complainant's title to said land above described wherein you are a defendant.

This 26th day of OCTOBER A.D. 1971.

(SEAL) MARIE E. QUINTINI, Chancery Clerk
Lila Taylor D.C.

TRUSTEE'S NOTICE OF SALE

WHEREAS, on December 2, 1970, Joseph J. Raziano and wife, Gladys J. Raziano executed a deed of trust to J. Ruble Griffin, Trustee for the benefit of Kimbrough Investment Company, which deed of trust is recorded in Deed of Trust Book 149 at page 329 in the office of the Chancery Clerk of Hancock County, State of Mississippi; and

WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, Kimbrough Investment Company having requested the undersigned trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust for the purpose of raising the sums due thereunder, together with attorney's fees, trustee's fees and expense of sale.

NOW, THEREFORE, I, O.B. Taylor, Jr., Trustee in said deed of trust, will on the 22nd day of November, 1971, offer for sale at public outcry, and sell within legal hours, (being between the hours of 11:00 A.M. and 4:00 P.M.) at the front door of the County Court House of the County of Hancock Mississippi, to the highest and best bidder for cash, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

Lot Five (5), Block Four (4), SPANISH ACRES ESTATES SUBDIVISION, to the City of Bay St. Louis, County of Hancock, State of Mississippi, according to a map or plat thereof on file and of record in the office of the Chancery Clerk of Hancock County, Mississippi, in Plat Book 3, page 31, thereof, reference to which is hereby made in aid of and as a part of this description.

I will convey only such title as is vested in me as trustee.

WITNESS MY SIGNATURE this 12th day of October, 1971.

O.B. TAYLOR, JR., TRUSTEE
10-28, 11-4, 11-11, 11-18-71

HARGETT'S SUPER MARKET, newly opened grocery in Waveland's Middle Town, is owned and operated by Hargett and Joan Hargett. The store is open from 7:30 a.m. until 9 p.m. Monday through Saturday, and from 8 a.m. 'til noon on Sundays. Hargett Construction Co. built the brick and concrete block building, which is situated on Third St.

Jaycees Will Hold Second Football Bowl

The Bay St. Louis Jaycees have announced the Second Annual Jaycee Bowl to be held November 1, 1971, at Tiger Stadium.

J.J. Gonnulus, Chairman of the Jaycee Bowl Committee, announced that the first meeting was held October 19. At that meeting it was decided that there would be one queen and six maids. The queen would be determined by the amount of advertising sold by each applicant for the Bowl Program. Application for queen are still being taken. For more information, contact J.L. Gonnulus at 467-7083 or Jim Chiniche at 467-4539.

Gulf National Names New Vice-President

Charles A. Cowart recently announced that Gulf National Bank has added two new members to its staff. Cowart stated that Gulf National was fortunate in obtaining the services of these two qualified men.

John Rosetti, Assistant Vice President, will be located at the Bay St. Louis office. Rosetti was formerly with Associate Financial Services Company of Gulfport. He attended Gulfport High School and is a graduate of Southern with a B.S. in Business Administration.

Rosetti, his wife, and two children live in Bay St. Louis. He is a member of the Elks Lodge, No. 970, Gulfport, The Shrine of Gamini, attends St. James Catholic Church. He was with the U.S. Army Reserve, 35th Field Hospital, Gulfport, Mississippi.

The bank extends a cordial invitation to all our customers and friends to come in and meet Rosetti at an open house on Wednesday, November 3 from 9 a.m. to 2 p.m.

Fred Gordon Abney, Assistant Vice President, will be located at Hattiesburg. Abney was formerly vice president

Births

Mr. and Mrs. Lester Dougherty announce the birth of their first child, a boy, Franklin Randolph, October 18 at L. O. Crosby Memorial Hospital, Piquette. He weighed six pounds, 10 ounces.

Mrs. Dougherty is the former Donna Necaise, daughter of Mr. and Mrs. Frank R. Necaise, Bay St. Louis. Mr. and Mrs. John Dougherty, also of this city, are the paternal grandparents.

JOHN ROSETTI

with Bay Springs, Mississippi. He holds a degree in Banking and Finance and has been accepted to the LSU School of Banking, Class of 1973.

Tigers Post Seventh Win

The Bay High Tigers picked up their seventh win of the season last Friday night by defeating Poplarville 37-6. The Tigers now enjoy a 7-1 record and are undefeated in conference play.

The Tigers scored in every quarter, tallying 37 points, while Poplarville scored only once.

The first Bay High score was set up by a Ben Ferrell pass interception that brought the Tigers to the Poplarville ten yard line. Three plays later Eric Lymuel scored on a six yard run. The point after attempt failed. With less than a minute remaining in the first period Gary Blaize carried the ball in from the five yard line

for the second Tiger score. Piazza added the extra point. The half ended 21-0 after Blaize threw to Lymuel for the final Tiger touchdown in the first half. Piazza again added the point after.

A late third quarter drive that covered 63 yards and consumed 13 plays brought the Tigers in

range for the first score in the second half. Mike Lymuel made the touchdown. Blaize threw to Fablen Collins for the two point conversion.

Poplarville's only score came in the 4th quarter when Jesse Beach broke away from the Tiger defense and ran 85 yards for the touchdown. The point after attempt was unsuccessful. Beach also picked up the only Poplarville first down of the game on his touchdown run.

The Tigers finished the scoring with just seconds remaining in the final period with a 15 yard run by Jimmy Pericarlo. Allen Mastayer threw to Jack Arnold for the two point conversion, ending the game 37-6.

Rocks Break Losing Streak

The St. Stanislaus Rocks broke their five game losing streak by defeating the Notre Dame Rebels in the Rebels' homecoming game last Thursday night.

The Rocks scored in every quarter, but the first while the Rebels were unable to score.

The scoring began in the second quarter with a ten yard Worrel to Elliot pass. The point after attempt failed. The Rocks scored again in the 3rd period when Worrel again hit Mike Elliot with a touchdown pass.

The last touchdown climaxed a 95 yard drive that ended with a Worrel to Foreman pass play for the score. Worrel then threw to Randy Foreman again for the two point conversion, ending the game 20-0.

The Rebels came out of the game with a 40-0 lead, forcing them into passing attack that consisted of an amazing 40 passes attempted by the Rebels. Of these 40 passes, only 14 were completions and one was intercepted by Rock's defensive back, Lance

Hawks Fall To Vancleave

The Hancock North Central Hawks felt the bite of the Vancleave Bulldogs last Friday night in Vancleave as the Bulldogs defeated the Hawks 38-9.

The first score of the game came late in the first period with about a minute left in the quarter when Vancleave took their first touchdown after a 60 yard drive.

With a minute and a half to go in the 2nd quarter, the Bulldogs got their second touchdown. Don Williams made the score with a ten yard off tackle play.

The half ended 14-0.

In the third period the Hawks recovered a fumble on the Vancleave 25 yard line. Bruce Staten scored on a reverse after three plays. Staten also picked up two points on a successful point after attempt.

The Hawks scored later in the quarter when a Hancock drive bogged down on the Vancleave 22 yard line. The drive was salvaged with a field goal by Hancock's Dale Lee.

A pass by O'Neil Cuevas found its way into the hands of the Bulldog defense and was run

in for a Vancleave score. A pass to Battle was good for the 2 point conversion.

A second Hancock pass was intercepted in the fourth quarter, setting up a 40 yard drive that ended with a touchdown made by Vancleave running back, Williams. The two point conversion was good.

The final score of the game came when Williams broke through the middle of the Hawks' line and ran 85 yards for a touchdown. The point after attempt failed.

Helping with the rodeo were Hancock Deputies F.M. Nourse and Herb Davidson; Dan Mullins, Waveland Police; and James Woodin, State Highway Patrol. Archie Farley, State Highway Patrol, Public Relations and all members of the Bay-Waveland Junior Auxiliary.

Tiny Rocks Sneak By Warriors

The Warriors of St. Clare's in Waveland evened their season record at 14 last Tuesday as they were defeated by St. Stanislaus 14-6.

As in the contest the week before, the game was a fierce defensive battle. Each team had half-time thirty-eight yards rushing the first half. Half-time score was 0-0.

In the second half, both teams seemed to have added life. In the third quarter, the Stanislaus quarterback broke away from a

host of Warrior tacklers and scampered 41 yards for the score. The two point conversion was successful and the score remained 14-0 until midway in the fourth period when the Warriors marched to the six yard line where Reggie Edwards converted from his halfback position into the end and ran for the TD. The try for the conversion failed. The final score was St. Stanislaus 14 and St. Clare's 6.

Standouts on the Warrior squad were Reggie Edwards with 14 total yards, David Sandshoe at defensive end and defensive backs Otto Beurgens and Tommy Brown.

Never refuse a good offer in the game of life—it may be the opportunity you seek.

 Four years as State Superintendent of Public Education

GARVIN JOHNSTON IS THE UNOPPOSED DEMOCRATIC NOMINEE FOR STATE SUPERINTENDENT OF PUBLIC EDUCATION.
 Your Vote On Nov. 2 Will Be Appreciated.
Submitted to and approved by Garvin Johnston

Skippers Complete Regatta Trials 4-H Club

Trials for the Fall Sunfish Regatta were completed this past weekend, with forty-three skippers competing in a total of seventeen races conducted under ideal racing conditions. The skippers got a taste of cool, gusty, northwesterly winds on Sunday in contrast to the usual steady southerly winds on Saturday. Both days were marked by close spirited competition, with several collisions and near misses as skippers attempted to maneuver their Sunfish in close quarters.

Chip Merlin led all skippers with four wins in Class 3 competition. Other class 3 winners were Mimi Eagan, Dee Coifer, and Rod Steffel. Class 2 skippers were led by Cindy Steffel with one win, while Gigi Steffel led Class 5 with two wins. Other class 5 winners of the weekend were Elizabeth Santa Cruz, Dennis Steffel, and Emily Merlin. The humorous highlights of the weekend were: The "Over-the-Hill Gang" races. The adults provided comic relief to the young competitors with wild displays of racing techniques, including mass barging at the starting line, missing turns, sailing the wrong course, strange breakdowns, mass collisions, and falling overboard. Two of the youngest members of the adult class, Marc Eagan and Bill Merlin, struggled through the confusion with two and one wins respectively.

The Fall Sunfish Regatta will start with a skipper's meeting at 11:00 a.m. on Saturday, October 30. Races will start at noon on the following schedule: Class 3—12:00 and 2:30 p.m.; Class 4—12:30 and 3:00 p.m.; Class 5—1:00 and 3:30 p.m.; Class 1—1:30 and 4:00 p.m.; Class 2—2:00 and 4:30 p.m.

Elects New Officers

Robin Garcia was elected president of Waveland 4-H Club at the October 14 meeting held in Waveland Methodist Church Fellowship Hall.

Others named to office were Sherri Voss, vice president; Beth Garcia, secretary; April Bernard, reporter; Michelle Harvey, historian; Cindy Klein and Taryn Tague, recreation committee and Charlotte Ladner, program chairman.

The meeting opened with the pledge of allegiance to the flag and the 4-H pledge, led by Sherri Voss.

Taryn Tague gave a demonstration on completing sewing baskets and goals for the coming year, which will include sending holiday cards to elderly persons and shut-ins; a tour of Colonial Bakery, a mother and daughter get-together and a clean up day and picnic in Waveland Park.

Sisters Vacation At Sunny Bank

Eighteen Sisters, Servants of Mary, from New Orleans spent their vacations in two different groups at Divine Word Seminary's summer home, Sunny Bank on North Beach. Their duties consist of nursing the sick, in private homes in the New Orleans area.

The Congregation of the SISTERS SERVANTS OF MARY, was founded in Madrid, Spain, August 15 by Saint Maria Soledad Torres Acosta and Father Miguel Martinez Sanz. Mindful of the necessities of the Church in those days, and seeing the gap between the sick in the hospitals, with their doctors and nurses, and those at home with no one trained to take care of them they founded the Congregation of the Sisters Servants of Mary, with the specific mission, to nurse the sick in homes.

The Sisters minister to the sick and offer their services in 21 countries.

The formation of the Sisters Servants of Mary consists of six months of postulancy, two years of novitiate, and six years of temporal vows (or juniorate). This includes spiritual and technical preparation for registered nurse or practical nurse.

The Sisters' Mother General resides in Rome, Italy, and they maintain three novitiates in Spain, one each in the U.S.A., Mexico, Puerto Rico, Argentina, and Colombia. In New Orleans the Sisters ran out from their convent at 601 Perilla Street to perform their works of mercy to the sick in private homes.

SISTER MARY Grace (right) tells Sister Elizabeth, both Sisters Servants of Mary, that she cannot expect to catch any crabs without bait in the net.

Mrs. Alliston Given Award

Mrs. Eugenia H. Alliston, Vital Records Registrar of Hancock County, was cited Wednesday, October 20, in Jackson for 25 years of public health service in Mississippi. She was among 45 public health workers who received awards for longtime services in a special ceremony highlighting the opening session of the 34th annual meeting of the Mississippi Public Health Association.

State Health Officer Hugh B. Cottrell, in presenting service pins to the awardees, described the occasion as "public recognition of the contribution these longtime workers have made to the public health program in Mississippi".

Some 600 Mississippi Public Health Association members from throughout the state witnessed the presentation ceremony in the Olympic Room of the Heidelberg Hotel.

9 out of 10 new Chrysler's registered in the last 10 years are still on the road.

That should tell you a lot about the cars we sell.

1982 Chrysler

A&P
10¢
SALE
STARTING
MONDAY,
NOV. 1st
HUNDREDS
OF BIG
VALUES!

Whether you own a big or small car, pay a little or a lot, the one thing you don't need from a car is trouble. You want a car that will hold up. A car that's built to last.

Well, we're with you. Just look at this figure:
9 out of 10 new Chrysler's registered in the last 10 years are still on the road.

This includes all the various owners, any kind of terrain, and numbers of miles. But every Chrysler is designed and built the way you want it—to last. So even if you won't be keeping a car for years and years, it's good to know you've got all that quality going for you in your first year as well as in later years.

Every Chrysler Imperial is road-tested at the factory.

If our cars aren't right, we don't want you to have them. For example, every Imperial is put through a road test at the factory that includes over 100 different checks before it reaches you.

This year every Chrysler car offers a new optional electronic ignition system that does away with the points and condenser that can wear out. This helps keep the engine tuned longer. And a tuned engine means cleaner exhaust.

From our lowest-priced Chrysler Royal to our big, luxurious Imperial, Chrysler cars are built to last. The same is true of every Chrysler-engineered car we sell—Valiant, Duster, Cricket, Satellite and Fury.

We think that's the kind of car America wants. That's the kind of car we'd like to show you. Come see us today.

Coming through with the kind of car America wants.

KANTCHA KETCHUM

By L. S. (Doc) Ellison

For the past week the weather has been ideal for fishing with beautiful skies and no rain. The water everywhere is clear but fishing hasn't been on the best side. Of course some fish have been caught as usual but not as many as should be.

Sneekles and red fish were gotten by the Hi-way and R.R. bridges, up Jordan River and problem. Live shrimp selling at 4 cents each, fresh shrimp at 80 cents a pound, frozen shrimp from 50 cents up, per pound. Fish don't know the price of shrimp but the average fisherman does. On the other side owning and knowing how to throw a cast net can catch his

own shrimp under the Hi-way or Railroad bridge, as they are there as we were informed by those catching them this week. Using a cast net is an art, hard work, but pays off in the end. Among those getting shrimp were Clois Dedeaux, Vic Carver and Horace Farr. Old timers with a cast net.

Dedeaux caught their share of red fish and speckles the past week along the R.R. Bridge. One red fish weighed over 15 pounds. They had three reds in all.

Horace Farr and Howard Carver were proud of the

speckles they caught.

Bro. Forre and Carl Banderet did a good job at getting nice speckles.

To our way of thinking speckles should be up Jordan River soon, where they can be caught by trolling, still fishing with bait and using Shad Rigs, plugs, etc.

From information we learned that the Pirate Cave on the Kila Road at Bayou LaCroux owned by Gene Lender has been leased by Gordon Brown and Lavon Penton who are now operating the fishing camp. Boats can be rented, live and dead bait are available while a lounge with beverages and snacks is open to the public each day and night. A real place to enjoy fishing and other entertainment. Both are swell guys to meet.

Harold Souder and Gene Mitchell made a good catch of speckles. In fact they had over-

150. They were caught out in the marsh. Harold said they were all good size. Why Kantcha Ketchum?

Glad we are done with skillets for a while. They enjoy skilling but make it hard for most fly fishermen. Think they own the water, but it belongs to everyone.

Still think we can do some frogging. As long as you have warm weather you will have frogs.

For your information Molatto Bayou is still dirty. Pearl River is clear as well as its tributaries. Bass fishing is out until the tides fall in the afternoons.

Drink and be merry. Drink too much and you will be sorry.

Was sorry to hear that Jack Kramer with W.A. McDonald and Sons, has been hospitalized. He suffered a heart attack but is back on the job. A little fishing

will help out Jack, we believe.

Charlie H. Hill said he was going back to fishing. Nothing better in our way of thinking. It's good for what ails you.

Ada Lehto who had the Swinging Door Lounge said she was going to catch up on her fishing and crabbing. We think Louise Carver is taking over the business.

Was a pleasure talking to Carl T. Smith an old time fisherman. Carl did mostly salt water fishing with the late Steele Drake. Better start again, Carl.

M.F. Cass spent two days at his camp in Shore Line Park. M.F. is from Hattiesburg and came down to do some fishing. Of course, he took some home.

Pete Porter and his wife both enjoy fishing. They have a trailer and make good use of it. Park the trailer, go to fishing. What can be more pleasant? Pete knows his fishing, and

keeps us posted on what's going on. He does a lot of trolling when the time is ripe.

Fishermen cuss when it rains but local gardeners need some now. What difference does a little rain make?

Don't know whether the bull croakers are in the croaker hole at Pearl River or not. The world series is over and that is the time when they should be there. May be they are a little late this year.

Should be a good year for

ducks. The season doesn't open until November. Have seen some big ducks and plenty

all brands bearing the A&P seal are not better than national brands

...SOME ARE ONLY JUST AS GOOD

Every line product in your A&P store that carries the A&P seal (this one) is guaranteed to be better than the equivalent of the famous national brands.

Pick one! Try it! Agree or it doesn't cost you a penny.

We're proud of that A&P seal so it's only on the finest.

WHY DO WE HAVE PRIVATE BRANDS?

They're our finest values.

They help us live up to our century old pledge... to provide the best food in the most people for the least amount of money.

Are A&P private brands a good reason for shopping A&P?

They're one of many.

Poule Deau already. Cold weather brings 'em down.

Still haven't gotten any dope on rabbits and squirrels. Nobody seems to be hunting them could be too warm yet. Really they are best after the first real frost. Give some dope later.

Another way to cook red fish is to tenderloin them and cut into cubes about an inch square and fry well. It makes a real seafood delicacy.

Luke Elliott and John Ristroph passed through the Bay last week. They were on

SPORTSMAN OF THE WEEK—Horace Geoffrey is a local boy who has fished and crabbed all his life. Was a student at St. Stanislaus where he did some boxing. Says it's easier to watch football and baseball now-a-days via T.V.

their way to pick up a new bird dog they had purchased. Both are ardent hunters and are looking forward to the coming quail season. Right now they are hunting doves over in Louisiana.

Was sorry to hear that Capt. Jake has moved to Texas. Captain was manager of the Pirate's Cave at Bayou LaCroix. Ranger his pet German Shepherd will miss him too. Good luck in your new undertaking, Capt.

We think this year's catch of soft crabs was the worst on record. Maybe they will be better come next season.

Following a hunting trip better clean and oil your gun after each trip, especially when hunting where there is salt water. Vaseline is a good preservative to keep the gun

from rusting. Salt water spray will rust a gun pronto.

We read the definition of liquor: An alcoholic drink generally legal, but some people believe it's compulsory.

Some small speckles were caught up Jourdan River over the weekend. They were caught on live bait and Shad Rigs with a small piece of shrimp. They should be up the river from now on.

Bass fishing over the weekend was pourée. Don't know the reason. Probably too low tide.

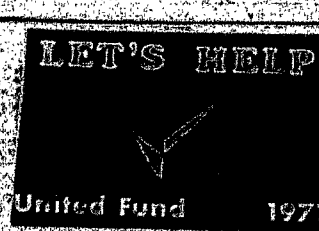

When wanting fish to eat go to bottom fishing you can always catch a few speckles, red fish, flounders, croakers, sheep-head, etc.

If in doubt about hunting laws, seasons and limit, get in

touch with the local game warden. He has the right dope. Ignorance is not excuse when one violates the law.

Blue Jeans Will Work As Volunteers

Blue Jeans Garden Club met Monday afternoon in the home of Mrs. K.S. Rheams with Mrs. J.L. Saleeby as co-hostess. During the business session, conducted by Mrs. H.W. Duke, president, members were asked to participate in the volunteer program for the elderly. The November pre-Christmas social to be held in the home of Mrs. Frank Klein was discussed and each member was asked to bring an artificial Christmas

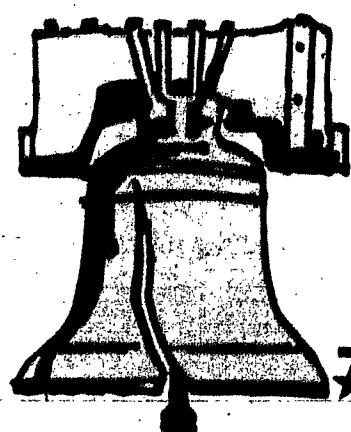

arrangement or decoration. Mrs. William Richardson, program chairman, read an article on the care and planting of bulbs. Entries were judged and awards presented to Mrs. Rheams in the potted category; Mrs. Richardson, horticulture; Mrs. A.M. Thomas, cultivated; Mrs. Saleeby, wild and Mrs. Frank Concoran, miniature. Mrs. Thomas and Mrs. C.F. Schwartz tied in the dried division. Mrs. W.R. Schaefer won the door prize.

YOU'LL BE GLAD YOU STOPPED!

ROBERT FULTON

ROBERT FULTON, acted on this motto. This great American inventor made the first commercially successful steamboat.

He also won fame as an artist, and as inventor of many things used in canal transportation and in submarine warfare. Fulton's invention stimulated all travel by water and helped greatly in the development of America.

Robert Fulton built the steamship Clermont, and on August 17, 1807, he made a successful trip up the Hudson River to Albany.

His revolutionary invention is an inspiration to all Americans.

dance. Pictured left to right in the Ladies Auxiliary are as follows: Mrs. G. Burleson; Mrs. J. Mikolaj; Mrs. H. Schuler; Mrs. J.C. Favre; Mrs. M. Ladner, Auxiliary president; and Mrs. L. Lind.

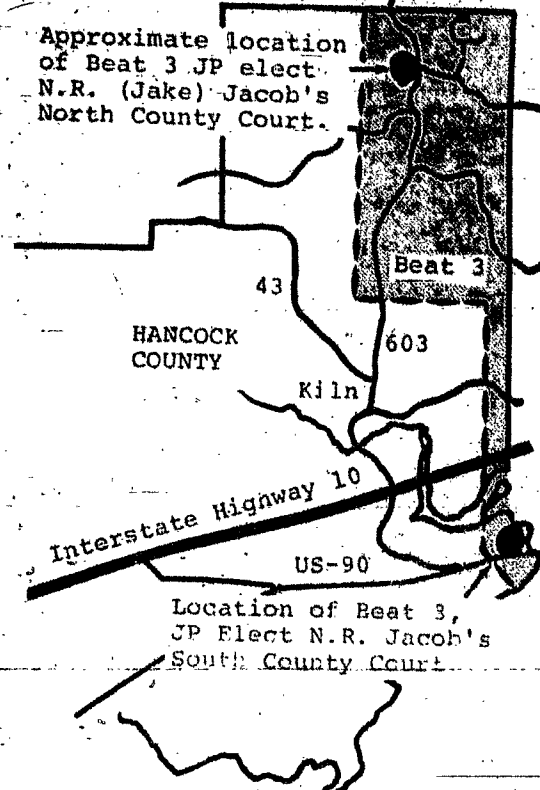

Nursing Home Observes Fire Prevention

Gulfview Nursing Home observed National Fire Prevention Week, October 3-9, as designated by President Nixon by having its semi-annual fire inspection by the Bay St. Louis Fire Department. In addition to the inspection, the facility held a Fire Drill and a Fire Safety Seminar for all its personnel.

At the Seminar a presentation covering all the aspects and techniques of fire safety pertaining to nursing homes was given by Edward E. Friloux, Sr., Assistant Fire Chief of the Bay St. Louis Fire Department. The seminar also included demonstrations of the types of fire prevention equipment which are maintained at the facility.

Some of the fire safety features and equipment items which are maintained at the nursing home include a written fire disaster plan; the required number of fire extinguishers at the proper locations; proper number of fire exits; newly constructed fire escapes; fire doors with smoke detectors and automatic door closing devices; an automatic sprinkler system throughout the building; fire alarm system; a fire department hose connection to the automatic sprinkler system and last, but not least, a well informed staff.

Personnel at the nursing facility feel that they are well prepared in the event that a fire should occur.

Planning Commission Certified For Programs

The Department of Housing and Urban Development has notified the Gulf Regional Planning Commission that the Commission has been certified for functional planning purposes in the areas of recreation, open space and environmental appearance. The certification was based upon the Regional Plan for Open Space, Recreation and Environmental Appearance recently completed by the Commission, as a part of a HUD-assisted continuing planning program.

The certification covers Hancock, Harrison, Jackson and Pearl River Counties, and each of the cities therein. In practice, certification means that when a jurisdiction within the planning region proposes to

apply for a grant under the Open Space Land Program, the jurisdiction must follow notification requirements of Office of Management and Budget Circular A-95, with copies to the Gulf Regional Planning Commission and to the Office of the Coordinator, Federal State Programs, Office of the Governor. The application must then be reviewed by GRPC as the area-wide planning organization, and any comments of GRPC must be attached to the application. In event of conflicts or inconsistencies, the applicant and the Commission must attempt to reach a mutually satisfactory agreement.

Gulf Regional Planning Commission, which also serves as the Metropolitan Cleaninghouse for more than 100 programs involving Federal financial participation, has developed a review procedure which assures prompt action and resolution of such conflicts as have been encountered to date.

A major benefit to the region resulting from certification is the saving in time required to process an application. The fact that there now exists a regional plan greatly simplifies the decision-making process and should be reflected in a greater number of local and regional projects initiated and funded.

Garden Club Holds Meeting Round the Kiln

By Claire Mitchell
Phone 457-7829

Bay-Waveland Garden Club held its October meeting last Thursday afternoon at the Garden Center with Mrs. George L. Seuzeneau Jr. presiding.

Three guests, Mrs. Ronald Ballard, Miss. June Hava and Mrs. Paul Jones, were welcomed.

Mrs. J.H. Duggan, hostess chairman, introduced Mrs. John Wilkerson, hostess for the afternoon, who in turn introduced her co-hostesses, Mesdames Charles Elliott, A.C. Mitchell, Albert Kuehn, K.T. Ireland, M.J. Sallinger and Rubie Griffin.

Mrs. Gordon Gleim, program

chairman, presented guest speaker, Dr. Lewis Brown, Assistant Dean of Arts and Sciences, at Mississippi State College who discussed pollution of our streams and bays. He was accompanied by Dr. Earl of the Wild Life Management Department.

A highlight of the meeting was Mrs. Seuzeneau's report on the Spanish Trail district meeting held October 12, in the Crystal Ball Room of the Security Savings Building, Gulfport.

Bay-Waveland Garden Club was honored with seven major awards which included the Honor Roll ribbon for completing all projects suggested

by the Garden Clubs of Mississippi, Inc., a tri-color award for the entire state for work with Junior Gardeners, Lazy Daisy Junior Garden Club at Our Lady of the Gulf School with Mrs. Charles Elliott as sponsor and for Merry Golds Club of Bay Junior High with Mrs. William Combs as sponsor. The Merry Golds received five first place blue and three second place ribbons for their projects.

A blue and gold certificate of merit was awarded Bay-Waveland Garden Club for sponsorship of three students to the Horticulture summer seminar at Mississippi State College.

A certificate of merit was presented Bay-Waveland Garden Club by Mrs. John C. McLaurin, president Garden Clubs of Mississippi, Inc. and Mrs. W.A. Gregurich, Director Spanish Trail District.

The Club was cited for tempering the time with beauty through youth activities and was also commended for sponsorship of three and one-half acres of landscaping at Gulf Central Air Port-Stennis Field, supervised by Mrs. Augustus Elmer on behalf of Bay-Waveland Garden Clubs for the Clubs scrap book, submitted by Mrs. John E. Isom.

Mrs. Hilaire Ogden conducted a brief demonstration on artistic arrangements and Mrs. O. Duke thanked members for active participation in the recent Hancock County Fair. She announced 30 ribbons were won in various competition by Garden Club members.

Winners of Garden of the month plaques for October were James Pritchett, 500 Esplanade Avenue in Bay St. Louis and Mr. and Mrs. Terry Malone, 281 Farrar Lane in Waveland.

Junior Auxiliary Offers Scholarships

National Junior Auxiliary chapters, including the Bay-Waveland chapter, make annual contributions to a Scholarship for graduate study in fields related to training of children with special needs, as follows: Mental Health, Mental Retardation, Speech Therapy, Exceptional Child, Remedial Reading, Other related fields, at the Committee's discretion. Scholarships are not awarded

for graduate work in general education.

Recipients may attend the college or university of their choice. If more than one calendar year is required to complete studies, a recipient may reapply, provided all previous agreements have been fulfilled satisfactorily.

The Scholarship Committee considers the applicant's purpose, in life, dedication, intellectual attainment and scholastic record. Reasons for choosing profession must coincide with the Junior Auxiliary's purpose of helping children.

Official application forms are available from Junior Auxiliary chapters participating in the 1971-1972 Program or from the NAJA Scholarship Committee, P.O. Box 762, Warren, Arkansas 71671.

Waveland Upturn Involved In Community Projects

(ED. NOTE: This is the first of a two-part article on Waveland Operation Upturn and community improvement projects accomplished through that agency since 1970.)

by Adoree Shortle
Echo staff writer

Better than \$1,400,000 has been spent in Waveland for community improvement since

Naval Reserve Has Limited Openings

Lt. J.M. Myers, Commanding Officer of the U.S. Naval Reserve Training Center, Broad Avenue, Gulfport, advises that the U.S. Naval Reserve now has limited openings for young men between the ages of 17 and 26 who have not had previous military service.

The men who qualify for one of these programs will be sent to the Navy Technical School which will enable them to advance in rate more rapidly and the school will also afford them the opportunity of fulfilling their military obligation while being prepared for a civilian or military career.

They will attend meetings at the Gulfport Training Center and be assigned to either the Seabee Reserve Unit which meets one weekend per month or to the Surface Division which meets each Tuesday night. They receive pay for each meeting attended.

Interested persons should contact the Recruiting Office of the U.S. Naval Reserve, Broad Avenue, Gulfport, or phone 863-0200.

Parents Club Holds First Meeting

Sister Patricia Sullivan, sixth grade teacher, offered the opening prayer at last Thursday night's meeting of Our Lady of the Gulf Parents Club.

Sister Patricia Brandner, new principal and faculty members were introduced. Sister welcomed the parents and thanked members for funds given for the purchase of audio-visual supplies.

John Wilkerson, who resigned as president of the group, was replaced by Charles Staehle, vice president. Election for vice president will be held at the November 18 meeting.

Hostesses for the social hour were Mrs. Harold Battalora and Mrs. Charles Hirstius, fourth grade room mothers, assisted by Mrs. William Argus, room mother chairman.

Mrs. John McKenna's first grade class won the attendance prize; the 50-50 prize went to Mrs. Truman Schultz and Mrs. A.M. Thomas won the door prize.

the inception of Operation Upturn in March 1970.

Just about every facet of the community has been affected by the carefully planned and supervised HUD programs administered through the city.

Although quite complex in procedure and adhering to strict bureaucratic principles, the concept of the four Operation Upturn offices is relatively simple—to rehabilitate coastal towns ravaged by hurricane Camille and to bring all residences and municipal buildings up to Southern Building Code standards.

An inspection of Waveland Upturn records discloses the following areas of improvement accomplished under Interim Assistance Program spending: City Hall, fire station, library, summer recreation program, youth employment program, Elwood Memorial Park, gas leak detection survey, street sign purchase and installation, drainage and ditch repair, street repair, fire hydrant rehab, city water system repair.

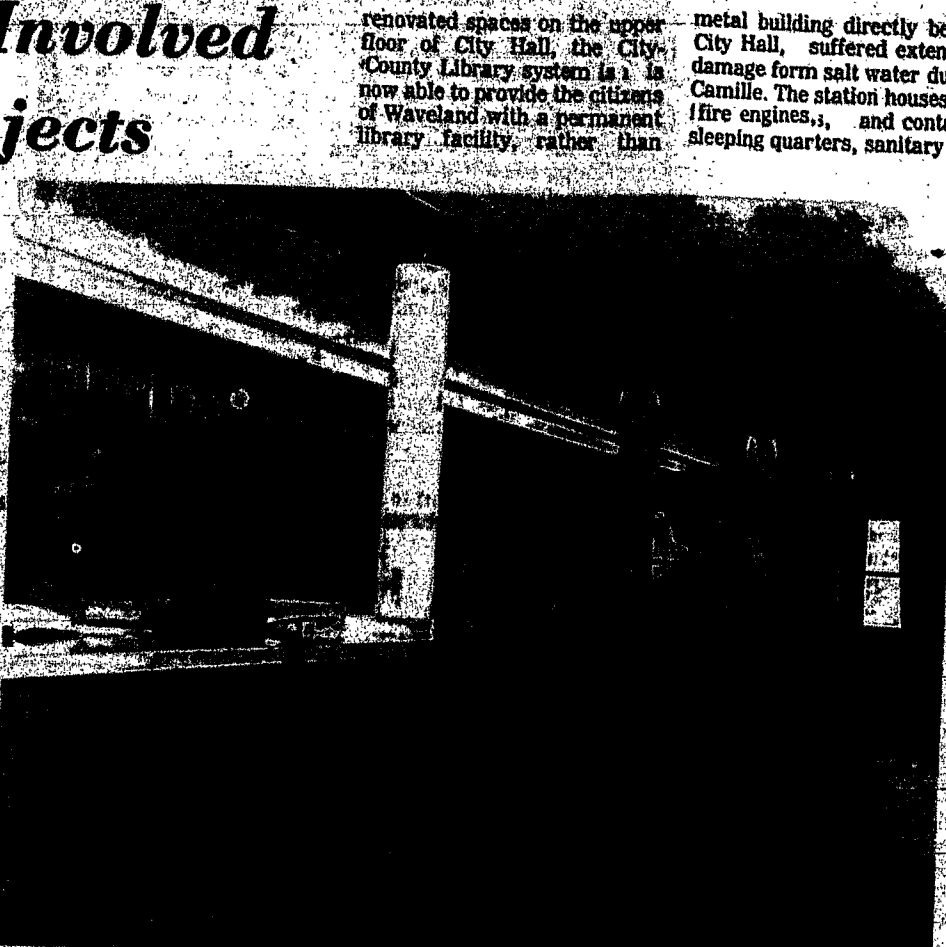

ELWOOD MEMORIAL PARK

Although not the biggest single expense Elwood Memorial Park rehabilitation constituted the most ambitious of the Upturn projects. As Waveland's only park or playground, Elwood was made a special project to be converted into a complete community recreation area. The 5.4 acres of ground were designed to contain a fenced children's playground, lighted industrial and little league baseball diamond, lighted tennis courts, dual purpose basketball and basketball and volleyball court, picnic and barbeque area, a shelter building, bathroom and storage building. The major item of the project, \$25,000 cost was to open a paved parking area, grading, drainage and lighting.

Necessary before the playground development could proceed. The entire park is enclosed by a page fence.

CITY HALL

Renovation work on the interior and exterior of City Hall was performed to preserve the old building as well as for better utilization of existing floor space. The entire outside was painted and within plumbing

NEW LOOK for Waveland's City Hall interior includes these office spaces on the ground floor, accommodating the tax collection office, marshal, mayor's and city clerk's offices. Renovation of the building was accomplished through Operation Upturn funding.

and electrical systems were reworked, walls painted and floors refinished. Effective use of partitioning now affords ten office spaces on the second floor, in which are located Upturn offices, a conference room for the city administration and the public library branch.

On the ground floor, the water and gas department remained where it has been, but the other side of the building has been enclosed and now contains offices of the mayor, city clerk, town marshal and the tax collection department.

LIBRARY

The fire station, situated in a

renovated spaces on the upper floor of City Hall, the City County Library system is now able to provide the citizens of Waveland with a permanent library facility, rather than

metal building directly behind City Hall, suffered extensive damage from salt water during Camille. The station houses two fire engines, and contains sleeping quarters, sanitary and

kitchen facilities for volunteer fire department men on night duty. Under an Interim Assistance municipal budget item, the fire station was completely painted inside and out to prevent further deterioration.

LEAK DETECTION SURVEY

Under IAP funding, a leak detection survey was conducted by the Southern Cross Corp. on 53.5 miles of city owned gas lines. Of 161 leaks located in main and service lines, five were classified as potentially dangerous requiring immediate repair, seven showed a large volume of gas loss, classified as "repair soon," and the remaining 149 were found to be routine repairs. The dangerous leaks were repaired immediately with Upturn money, the routine jobs are being handled by city crews. (Next week, other municipal improvements made by Upturn.)

MR. KIM SCHULTZ ACCEPTS DELIVERY OF HIS NEW VEGA FROM TURAN-LANE CHEVROLET SALESMAN JOE BULL.

Kim says he checked out several compact cars but could find nothing to compare with the Vega. He was recommended to Turan-Lane Chevrolet where salesman Joe Bull helped him find the Vega to suit his needs.

Waveland Notes

By Mrs. Delta Wendling

Waveland Cub Scouts will sponsor a cake sale Nov. 4, by Waveland drug store, Winn Dixie, A&P, and Bourgeois Enco at Highway 90 and Meadow Road between 3:00 p.m. and 5:00 p.m.

Belated congratulations to Sherrie Voss of Waveland Elementary School who won the Miss Flame title of the Hancock County Fair.

Happy birthday to Layne Marie Wendling who celebrates the occasion this weekend.

Wishes for a speedy recovery to Monroe Bounds who was injured in an auto accident last week in Merritt Island, Fla. The Bounds family are residents of Fla. now.

Chuck Karl, son of Mr. and Mrs. Gary Karl celebrated his first birthday, Oct. 21, with his

family. Those attending were his grandparents, Mr. and Mrs. Charles Dickson and Mr. and Mrs. Tom Karl. Paternal aunts: Raynaz Morreale, Mr. and Mrs. Preston Bridges. Cousins: Ray, Anne, Bruce, Bryant and Brent Morreale, Mr. and Mrs. Steve Paucetta. Also celebrating his birthday were his brothers, Gary and Wayne, his sisters, Bridgette and Annette. A cake in the shape of a train was served with ice cream and cakes.

The Waveland Cub Scouts participated in the Veterans Day parade held in Bay St. Louis. Those marching were Gary Karl, Ron Lusich, Clayton Fusch, Wade Ladner, Owen Bourgeois, Steve Maggio, Lee Klein, Teddy Longo, Gerald Ulrich and Claude Garcia. Marching with them was Mr. Claude Garcia, Sr.

Echoes

Rev. and Mrs. C.C. Clark of Jackson were weekend guests of Mr. and Mrs. C.C. McDonald at their North Beach home.

Meedames C.C. McDonald, J.R. Shadoin and Owen Jessup attended a Gulf Pine Girl Scout Council meeting Tuesday at Camp Ita Kana.

Mr. and Mrs. John L. Favre, Sr. celebrated their 45th wedding anniversary with a supper Friday night at Haverty's Restaurant in Waveland. Helping the couple celebrate were Mr. and Mrs. Given Parker; Mr. and Mrs. Herbert Tubbs, Mr. and Mrs. Clayton Thompson, Mr. and Mrs. John L. Favre, Jr. and Mrs. Kenneth Nease, Mr. and Mrs. Thomas Mitchell and Henry Favre.

Mrs. Max O. Elrod of Kansas City, Mo., is visiting with her parents and family, Mr. and Mrs. John L. Favre, Sr.

Saturday guests of Mr. and Mrs. Henry Stiller were their daughters Mrs. Frank Macagnoni and Mrs. Hoyt Brown of New Orleans. Mrs. Stiller's brother and sister-in-law Mr. and Mrs. Joe Dorn of Chalmette, La., who were accompanied by their son-in-law and daughter Marie and Whitey. They were joined during the day by their brother Alphonse Dorn.

Boy Scouts, Cub Scouts, Explorers and their leaders from Bay-Waveland area were guests of Tulane University for the Tulane-Georgia Tech football game Saturday.

J'Don Noto celebrated her 11th birthday with a slumber party Friday at the home of her parents Mr. and Mrs. Lawrence Noto.

Guests for the party and

Livestock Show Winners Named

The second Annual Hancock County Fair and Livestock Show was held at Bay St. Louis, October 4-9, 1971. The Livestock Show was held on Thursday, October 7th. Mr. Roy Fowler, County Agent at Poplarville, served as judge.

This year's Livestock Show saw real good participation from both young and old. In the Adult Division, the following individuals exhibited cattle: James Travica, Shelby W. Ladner, James L. Cuevas, Donald Moran, Bully Zengarleng, Donald Famularo, Sr., and Felix Famularo. In the Junior Beef Division, there were sixteen participants. Grade Junior Beef were exhibited by Larson Whitfield and Randall Shaw. The 14 registered animals were 1 Charolais, 8 Angus and 5 Hereford. All of the 14 registered animals were judged as Blue Ribbon or First Place Animals.

The Grand Champion Angus heifer was shown by Duon

Ladner. The Reserve Champion Angus heifer was shown by Joey Smith. These were also selected as the Champion and Reserve Champion heifers overall.

Other Angus heifers were exhibited by Norman Rester, Dolly Rester and David Smith.

Leroy Ferguson exhibited a Hereford heifer. The Champion Angus male was exhibited by Bradley Whitfield. The Reserve Champion Angus male was shown by Donnie Famularo. Other exhibitors of Angus males were Steve Lee and Lane Lee. Ronnie Famularo exhibited a Charolais male which was the only animal in its class.

Hereford males were shown by Keith Dossett, Barbara Drennon, Arthur Drennon, and David W. Ladner.

Champion Hereford male went to Barbara Drennon while the Reserve Champion went to Keith Dossett.

The Champion Male Overall went to the Hereford-owned by Barbara Drennon and Reserve Champion Male Overall went to the Angus owned by Bradley Whitfield.

Junior Dairy Cattle were exhibited by Duon Ladner, Leroy Ferguson, Roy Whitfield, and Calvin Whitfield.

In the Cattle Showmanship Contest, Donnie Famularo took first and was followed by Arthur Drennon, and Bradley Whitfield.

Swine exhibitors were Dale Lee, Kenny Peterson, Duon Ladner, Billy Joe Ladner and Laron Whitfield.

Numerous poultry, rabbits and other animals were exhibited throughout the week. Exhibitors included the following youth: Tommy and Yancey Koenenn, Leroy Ferguson, Roy Whitfield, Calvin Whitfield, Kim Ladner, Kent Ladner, Janie Lou Cuevas, Royborn Shiyou, Denise Shiyou, Donald Morn Jr., Leisha Whitfield, Ronald Famularo, Donnie Famularo and Duon Ladner.

There were combined total of 72 exhibits in the livestock division. A total of 44 Blue Ribbons, 24 Red Ribbons and 4 White Ribbons were awarded. Championship Ribbons were sponsored by the Rotary Club of Bay St. Louis.

News Briefs

ANNUAL CONVENTION

Representing City-County Public Library at the Mississippi Library Association annual convention in Biloxi last week were, Library Trustees Mrs. Lloyd Griffith, Mrs. William Hilliker, Mrs. Nicholas Haas, and Mr. Paul White. Mrs. Hilliker served as Secretary of the State Trustees Section for 1970-1971. Representing the library staff were Mrs. Mildred Means, Bookmobile Librarian and Librarian at Waveland, and Mrs. Marilyn Stegenga, Assistant Coordinator of the Library Program.

PARISH COUNCIL

Our Lady of the Gulf Parish Council election committee announced Hank Stockman was elected to fill the vacant term of Dr. Marion J. Wolfe, Jr., on O.L.G. School Board.

Students Learn Customs Of Iran

During the week of October 12-18, the country of Iran is celebrating the 2,509th anniversary of its founding with an elaborate array of parades, pageants, and spectacles. The seventh grade World Culture Class of Our Lady's Academy shared the excitement of the people of Iran when Mrs. Hilda Gharapetiar and her son Alberto, recent immigrants from Tehran, Iran, visited their class.

Mrs. Gharapetiar's initial shyness disappeared quickly as the girls enthusiastically asked countless questions, pantomiming and gesturing to bridge the occasional language barrier. While relating the customs of her native land, Mrs. Gharapetiar gracefully passed around the room the native currency, colorful stamps, delicate pottery and a finely woven purse for the girls to examine. The informality and spontaneity of the visit was best conveyed by two year old Alberto who thoroughly enjoyed his first day in an American school.

MRS. HILDA GHARAPETIAR shows students at Our Lady's Academy various native drinking vessels from Iran.

BABY SHOWER
Mrs. Junius Braud, Miss Cynthia Richard and Miss Glenda St. Amant hosted a baby shower Sunday afternoon in the home of Mrs. Preston St. Amant honoring Mrs. Hollis J. Ladner, Jr.

Reynolds, Tawna, Taren and Tanie Breland and Kenny Wilkerson.

There's only nine more days left until the Halloween Carnival. Anyone wishing to make donations should do so before Friday. Cakes and baked goods should be in by Friday or Saturday.

A blue and pink color scheme was used in the decorations. The honoree was presented a corsage fashioned of miniature baby gadgets and the mothers, Mrs. Ladner, Sr., and Mrs. Preston, St. Amant, each received a corsage. Facilities were given the guests as favors.

GARAGE SALE
A public auction and garage sale was held last Saturday at Asher's old wrecking yard garage on Highway 90 with proceeds going to the building fund of the Old Spanish Trail Baptist Mission Church. The auction will be repeated again this Saturday at Asher's beginning at 2 p.m. Any donation will be appreciated.

News Briefs

HALLOWEEN PARTY
St. Clare's Home-School Association will hold a Halloween party at 6:30 p.m. today on St. Clare's School grounds.

There will be various booths, refreshments, games and entertainment for all. The boy and girl who sold the

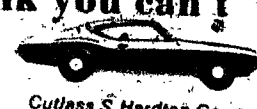

largest amount of candy prior to the party will be crowned Halloween King and Queen.

SPOOK SHOW
Members of St. Clare's CYO will present a Halloween Kiddie Show, "Beware of Spooks" in the CYO trailer this Saturday with two shows, 10 a.m. and 12:30 p.m. This show is geared for children between the ages of 5 and 9. Admission is 35 cents per child and snacks will be sold during intermission.

NEW PERMITS
Bay St. Louis has instigated the use of a new building permit application. The new applications call for a more

detailed description of the land as well as the structure, and require a diagram or drawing of the planned construction, showing cost, etc. The applications will provide a more permanent record of all property improvements for the city tax department. The new applications will be issued, as before, by city building inspector B.D. Johnson, at 303 Carroll Ave.

A MESSAGE FROM H. G. "Boogie" DEAN, JR.

TO THE VOTERS OF HANCOCK COUNTY:

PLEDGE THAT:

I WILL STRIVE TO BRING MORE INDUSTRY INTO HANCOCK COUNTY WHEREBY OUR PEOPLE WILL NOT HAVE TO TRAVEL TO OTHER COUNTIES AND STATES TO WORK

I WILL MAINTAIN OUR CEMETERIES WHICH ARE IN A DEPLORABLE CONDITION AND HARD-SURFACE ALL ROADS LEADING TO THEM

I AM FOR A MODIFIED COUNTY UNIT SYSTEM, BUT AT THE PRESENT TIME I DO NOT FEEL THAT OUR COUNTY CAN AFFORD TO SPEND \$18,000 PER YEAR ON A PURCHASING AGENT.

I WILL VOTE TO REDUCE TAXATION. THE MILLAGE IN OUR COUNTY IS HIGHER THAN OUR NEIGHBORING COUNTIES.

AS A YOUNG MAN, I HAVE A BIG STAKE IN THE FUTURE OF HANCOCK COUNTY. I FEEL THAT THE YOUNG PEOPLE SHOULD BE MORE INVOLVED IN THE GOVERNING AND DEVELOPMENT OF OUR COUNTY.

AFTER TRYING UNSUCCESSFULLY TO KEEP MY NAME OFF THE BALLOT, MY OPPONENT AND HIS ATTORNEY ARE NOW ALLEGING THAT I AM NOT A RESIDENT AND PROPERTY OWNER OF HANCOCK COUNTY. I AM A LAW-ABIDING CITIZEN OF HANCOCK COUNTY. I DO NOT HAVE A RAY SHEET AND DO NOT INTEND TO BE DICTATED TO BY ANY POLITICAL MACHINE.

I KNOW THAT I WILL BE UNABLE TO MEET ALL OF YOU INDIVIDUALLY ALTHOUGH I WILL TRY AND MAKE EVERY EFFORT TO DO SO.

I SINCERELY SOLICIT YOUR VOTE AND SUPPORT AS AN INDEPENDENT CANDIDATE DISTRICT NO. 1 HANCOCK COUNTY.

H. G. DEAN, JR.

Trinity Episcopal Plans Consecration Ceremonies

By Joe Pilet, Chairman Public Relations, Trinity Episcopal Church

On Monday the Reverend Durrie B. Hardin, rector of Trinity Episcopal Church in Pass Christian, attended in Jackson a Special Council called by The Right Reverend John M. Allin, Bishop of the Diocese when decisions and policies for 1972 were on the agenda.

The Reverend Hardin has announced November 14 at 5:00 p.m. as the date for the consecration of the newly completed Trinity Episcopal Church and said the general public is cordially invited to attend the service.

A Consecration Service, explained the rector, differs from a dedication service, in that only a debt-free structure may be consecrated. By special donations received from virtually all parts of the United States and some foreign countries as well as through a 100 per cent insurance settlement received through the National Episcopal Church Group the Building and Funding Committee were able to work through many meetings with the architectural firm J. Buchanan Blitch and Associates and General Contractor W. M. Craig for the reconstruction of the lovely old Gothic style church founded in 1849 and destroyed by Hurricane Camille in 1969.

The Building and Funding Committee, headed by the rector, included J. C. Watson, Senior Warden, Phil Whitmann, J. J. Hayden, Sr., Louis M. Keene, Junior Wardens as well as Mmes. J. K. Davis, Dorothea Stoupe, Hollis H. Crosby and Stanford Morse.

Following the destruction on the original church teams from at least eight parishes in the Diocese assisted in the work of clearing away the debris and some treasured records, bronze memorial plaques, communion silver, and altar vessels were salvaged. Salvaged also was one door from the original church which served as a valuable pattern for duplicating the church doors and which has been used in the new way of the present structure.

Missing from the salvaged articles is the original church bell which was cast in Philadelphia of pure bronze and weighed approximately 500 pounds. The bell, over a hundred years old, was removed from beneath a tree on the church property by

some person or persons unknown and although a wide search was made by law officials the bell has not been located or returned. A heavy filing cabinet dug from the mud contained important documents and records, many of which were preserved through a microfilming process and returned to Trinity. The older records were in much better condition than the later dated ones, according to the rector who explained that in yesteryears indelible inks were used. Although the church is Episcopal, the denominational designation "episcopal" was

not found in the church records. A bulletin issued on the one hundredth anniversary of the church proclaimed: "Its heart and doors have been open to all people."

"Now, more than ever before Trinity Episcopal Church is truly a church of all of the people" declared its rector who added that innumerable people had worked toward the restoration of the facility. "Theme of this year is 'Thanksgiving,'" said the rector "in special gratitude to God for the realization of our dream of a new Parish structure."

Telephone Pioneers Celebrate Anniversary

A unique organization is celebrating its 60th anniversary in Mississippi and all over the United States and Canada on October 28.

The Telephone Pioneers of America—with over 2,200 members in Mississippi—will observe the birthday with various national and local ceremonies.

Telephone Pioneers are active and retired telephone employees with 21 or more years of service. With 350,000 members, the organization is the world's largest voluntary association of industrial employees. Organized largely as a social organization in 1911, the Pioneers today are active in community service projects of almost every description. Much of the Pioneers' work relates to blind, deaf or otherwise physically handicapped people, in the tradition of the inventor of the telephone, Alexander Graham Bell, himself a teacher of the deaf.

A prime example is the Pioneers' long association with the Library of Congress talking book program. Eleven years ago, the national Pioneer organization agreed to take on the task of repairing talking books for blind people. Since then, more than 150,000 of the talking books have been put back to work by volunteer Pioneers.

Pioneers, many of them with technical background in telephony, have been able to call on their experience in other ways, too. They've helped create a "beeping" ball for blind children, and have used old telephone switchboards, walkie-talkie and other devices to help teachers and parents communicate with handicapped or retarded children.

Some of the volunteer services Pioneers in Mississippi are committed to include: repairing record players (talking books for the blind); repairing Braille typewriters; preschool visual training; "beeping" balls; making tray favors for lonely and needy patients; working with the retarded and physically handicapped; cooperating with volunteer community organization in supporting worthy causes.

Bridge Winners

Winners of games played Monday night at Gulf National Bank by Bay-Waveland Bridge Club members were Mrs. T.J. Garner and Mrs. Viva Davis, first, and Col. and Mrs. Sidney Pugh, second.

MAYORS OF the two municipalities, Warren Carver, left, of Bay St. Louis and Garfield Ladner, right, of Waveland sign proclamations in observance of the 60th anniversary of The Telephone Pioneers of America on October 28. Flanking the Mayors are various members of that organization.

Annunciation School News

The Annunciation PTA held their regular monthly meeting on Wednesday, October 20. Father Julian, new pastor of Annunciation Parish was guest speaker.

The PTA is going to sell game with Annunciation Christmas cards as a fund raising program for educational opposition has not been decided

A MESSAGE FROM YOUR DEMOCRATIC NOMINEE

EARL "BUCK" LADNER

Dear Voter,

On August 3, 1971, you showed your interest in me when you gave me your vote of confidence which enabled me to lead the ticket and enter the second primary for State Representative Hancock County. On August 24 you again gave me this tremendous vote of confidence which enabled me to win the Democratic Primary.

In the past it has been a tradition in Hancock County, as well as in Mississippi, that the Democratic Nominee be declared the winner. However, several county and state Democratic Nominees, along with myself, are opposed by Independent Candidates in this year's general election.

It is impossible for me to take off any more time from my job to run a personalized campaign as I did in the Democratic Primary. Therefore, I sincerely hope that you, the people of Hancock County, will continue to show your interest in me by supporting me in the November 2 Primary.

Sincerely,

Earl "Buck" Ladner

(PD. POL. ADV.)

Echoes

Mrs. Frank Quintini, her daughter Audrey and sister Mrs. Charles Banderet returned Sunday from a two week visit with the former's son and daughter-in-law Mr. and Mrs. Claude Quintini in Kalamazoo, Mich. They visited in Canada and enroute home stopped in Columbus, Miss., where they were guests of Mrs. Quintini's son and daughter-in-law M-Sgt. and Mrs. Perre Quintini and family.

Mr. and Mrs. Albert Becker and Mrs. A.G. Favre and daughter Inez attended a get-together of foreign language students and Members of the faculty from the University of Southern Mississippi Friday night at St. Thomas Newman Center, Hattiesburg.

Mr. Becker entertained the group with guitar, harmonica and song selections.

CONSIDERATION - he will sincerely appreciate your consideration and support on Nov. 2, 1971.

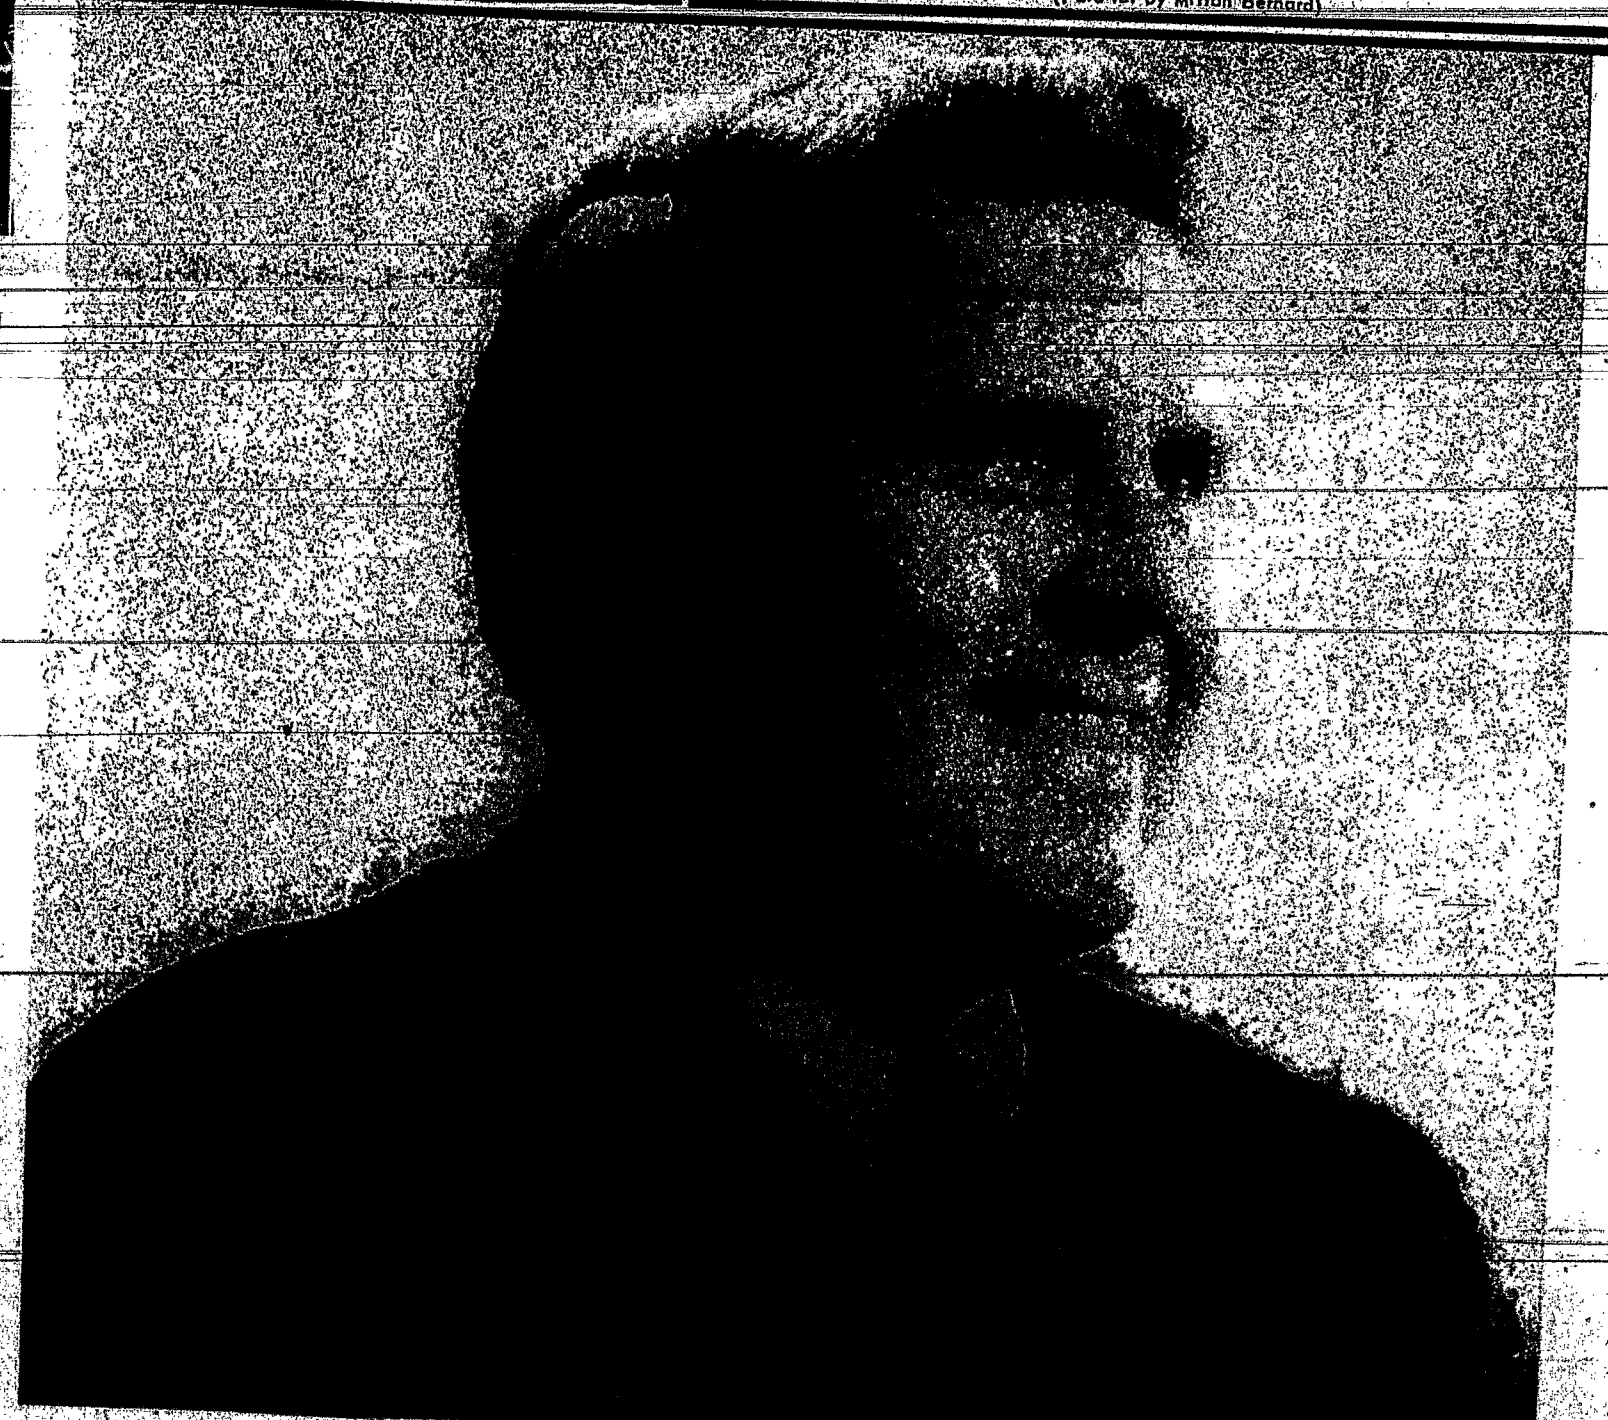

Please Vote And Elect

MILTON BERNARD

YOUR NEXT JUSTICE OF THE PEACE

BEAT 5 — POST 2

(Paid for by Milton Bernard)

Straight ahead.

Mississippi has sent some great men to the governor's office in years past. She has had some who were not so great, too. But now Mississippi is about to elect the man who is expected to be the greatest governor in the history of our state. He will have to be great to cope with the problems of our times. The judgement of the majority of Mississippi's voters is that Bill Waller is the man. Bill Waller is—in a word—an achiever. He's a doer. We can depend on him to exercise the judgement, to use the energy and to display the vision necessary to get our state moving. On Nov. 2, vote for Bill Waller. Let's move ahead for Mississippi's future.
